CLEVELAND MINISTER MYSTERIOUSLY ABSENT

Resigns Charge at Secret Meeting of Elders and Then Disappears.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, April 12.—The Rev. Charles H. Piatenburg, formerly of Uniontown, Pa., but more recently of the Franklin Circle Disciple church of this city, presented his resignation last Friday night at a secret meeting of the elders of the church. His whereabouts since then are unknown and the whole affair is surrounded with the deepest mystery.

The elders in attendance at the meeting admit that they have pledged themselves to absolute silence and no amount of inquiry has revealed the causes further than that they are serious.

The Rev. Mr. Piattenburg came to the Disciple church last June from the Central Christian church of Uniontown, Pa., where he had been pastor since 1898. He was a young man and a graduate of Bethany college. His success here as a minister was good and his departure is a great surprise. His family are still at their former home, but decline to discuss any phase of his disappearance.

STORM CAUSES TWO DEATHS

One Man Killed by a Bolt of Lightning at Dixmont.

A WOMAN SUCCUMBS

Aggravated Heart Disease, From Which She Was a Sufferer.

DAMAGE WAS WIDESPREAD

Lightning, accompanied by a torrent of rain and a heavy fall of hail, yesterday afternoon brought death and suffering to Pittsburgh and the surrounding country. Two deaths resulted from the thunderbolts, two houses were wrecked and the damage from flooded cellars, landslides and broken electrical connections will reach several thousands of dollars. The victims of the storm are:

IRWIN L. WILSON, aged 19 years, a fireman employed at Dixmont; killed instantly by lightning while seeking shelter from the rain.

MRS. LAURA M. WAKEMAN, aged 36 years, of No. 7135 Kedron avenue, Homewood; died of heart failure during the storm.

The storm broke about 5 o'clock with unexampled suddenness following the bright sunshine of an Easter morning. Throughout the city the rainfall was terrific, and from the black lowering clouds the flash of lightning was incessant, accompanied by the patter of hail and the deep roll of thunder. In a few minutes the streets were deluged, traction traffic was delayed and cellars in the lowlands were filled with water from broken sewers and the torrents from the streets. In Wilkinsburg, Brushton, the Lawrenceville district, Millvale and throughout the upper portion of the North Side the damage was heavy.

STRUCK BY LIGHTNING.

Wilson was an employe of the Western Pennsylvania Asylum for the Insane at Dixmont. During the rain he started to run across the yard connecting the two engine rooms of the power plant. When midway in the open space a blinding flash of lightning and a terrific peal of thunder startled the inmates of the asylum. The officers and employes ran to the windows and saw the fireman lying dead in the yard. Wilson was a native of DuBois and had been employed at the institution for several years.

Mrs. Wakeman, the other victim, was the wife of James T. Wakeman, manager of the Eagle Foundry and Machine Company, Allegheny. She had not complained of feeling ill, but went to her room to lie down during the storm. A short time later she was found dead. Her son died only a short time ago and a daughter is now lying ill of typhoid fever. Mrs. Wakeman's death is believed to have been from heart failure superinduced by the electrical disturbances. She is survived by her husband, two daughters and one son.

TRAIN CRASH KILLED FOUR

Two Are Also Fatally Injured and at Least One Missing.

MET AT HIGH SPEED

The Freight Conductor's Desperate Effort to Prevent Disaster Failed.

WENT OVER EMBANKMENT

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Halifax, N. S., April 12.—Four persons, dead, two fatally hurt, at least one missing and several others slightly injured, is the record of a head-on collision on the Inter-Colonial railway which occured just before midnight near Windsor junction, 17 miles from Halifax. The poles and telegraph lines along the roadside were wrecked.

The trains in collision were the Canadian Pacific railway express from Montreal and Boston for Halifax and a fast freight from Halifax for Montreal. The conductor and driver of the freight had orders to take the siding at Windsor Junction and let the express cross, but for some unknown reason Driver Copeland of the freight ran past the junction on the main line and met the express two miles beyond. It is thought that Copeland may have lost control of his train of 75 cars. The freight was running 25 miles an hour and the express, two hours late, about 45 miles an hour.

THE DEAD.

WILLIAM WALL, express driver.
MICHAEL OAKLEY, express fireman.
HILL, freight fireman.
THORPE, freight brakeman.

FATALLY HURT.

COPELAND, freight driver.
M'CREADY, of Antigonish.

The express consisted of postal and baggage cars and three passenger coaches in charge of Conductor McClafferty. The freight was an unusually heavy train in charge of Conductor Haynes. Both trains were hauled by new and powerful locomotives, and crashed together on a level piece of road skirting a lake. The engine crew of the express and Fireman Hill of the freight died almost immediately after the crash, and Thorpe was instantly killed. The driver of the freight is in the hospital with a broken spine and cannot live. A tramp had been caught stealing a ride on the train and had been put off each time by the train hands, but managed to swing on again and was finally taken into the cab out of danger.

The brakeman of the freight who was killed was in the cab. When the speed of the freight was not reduced approaching the junction, Conductor Haynes says he realized that nothing short of a miracle could prevent a collision. There was no bell cord to send a warning to the driver and the conductor ordered a brakeman to drop off the rear end of the freight and telegraph the next sta-

BIGELOW, REJUVENATED BY SEASHORE BREEZES, IS BOARDWALK HABITUE

Former Mayor Black of McKeesport Gives Professional Opinion as to His Condition.

THE PITTSBURGH GAZETTE BUREAU, Young's Ocean Pier, Atlantic City, N. J., April 12.

Nearly every Pittsburgher who came to Atlantic City today, and there was a trainload of them, seemed to have an idea that Thomas S. Bigelow, who has been at the Hotel Shelbourne several days, was in a precarious condition. One story was that his condition was so serious that E. M. Bigelow had been sent for, and that he, too, was in Atlantic City. As a matter of fact, Mr. Bigelow is vastly improved in health and not only receives all callers, but he is on the boardwalk every day in a rolling chair. Among his callers today was former Mayor Black of McKeesport. Speaking as a physician Dr. Black said:

"I am not only surprised, but gratified at the improvement in Mr. Bigelow's condition, and in my opinion if he stays here long enough his recovery will be rapid and complete. The last time I saw him in his office, two days after the election, I was fearful that he would drop dead at any minute. He was in a weakened condition and on the verge of complete collapse. Now that shortness of breath is entirely gone and he is in better shape than for some time. It is an improvement of a healthy kind that is a lasting improvement."

Mr. Bigelow will not talk politics and particularly refused to discuss any harmony deals.

POLITICAL CONFERENCE AT SENATOR HANNA'S HOME

Herrick's Gubernatorial Chances Not Diminished by Johnson's Victory.

[SPECIAL TELEGRAM TO THE GAZETTE.]

CLEVELAND, April 12.—By a curious coincidence the state leaders of both the Democratic and Republican parties are in the city today. Of the latter, John R. Malloy, secretary of the state Republican committee; Dr. Heissey of Columbus, Senator Hanna's chief lieutenant in that city, and Col. Myron T. Herrick, candidate for gubernatorial honors, met at the home of Senator Hanna to discuss the situation in the state, which is considered very problematical, owing to the recent victory of Mayor Johnson in this city.

After the conference Malloy declared that a greater impetus had been given to Col. Herrick's ambition and that there was little doubt of the unqualified support of not only the Hanna men through the state but also the Dick men. The date committee will probably assemble within a few days at Columbus and the details of the fall campaign will be worked out. September 15 is the date discussed for the opening of the speaking campaign. And June 21 as the probable date of the state convention. Malloy also stated that it was quite probable that Gen. Dick would be placed in charge of the Republican campaign.

Chairman Frey of the state Democratic committee stated that April 16 would be the date of the meeting of the committee. He maintained a non-committal attitude regarding the probable gubernatorial candidates and positively refused to state whether Mayor Johnson would be candidate for governor or for the United States senate against Senator Hanna. M. E. Ingalls of Cincinnati and John L. Zimmerman of Springfield are the men most prominently mentioned in connection with the Democratic governorship candidacy.

GOVERNOR AND QUAY CLOSETED

Senator Visits Pennypacker First Time Since Inauguration.

ISSUE NO BULLETIN

THE PITTSBURGH GAZETTE BUREAU, HARRISBURG, PA., April 12.

Senator M. S. Quay and Gov. S. W. Pennypacker are together tonight at the executive mansion. The butler has orders to admit no one.

It is the first visit the senator has paid his cousin since the latter's inauguration as governor of Pennsylvania. Pennypacker was expecting Quay, as he had his messenger down at the station this evening on the arrival of the train from Washington. The executive does not keep a carriage, but had provided a cab to convey his relative to the mansion.

By telephone the governor to-night admitted that Quay was his guest, but at the same time served notice that neither he nor the senator were receiving. He would give no intimation of the business of the man from Beaver or say how long he expects to remain in Harrisburg. It is a safe guess that there will be a discussion of the libel bill. Some people think that Quay will advise the governor to veto it; others laugh at the idea. As neither of the cousins are in the habit of hanging out bulletins on what they intend to do, the only thing to be done is to wait and see.

There are a number of important bills waiting the approval of the governor and several are on their way through the legislature. The session is to be brought to a close Thursday at noon, and when Quay leaves Harrisburg the various pieces of legislation will undoubtedly be properly tabbed. It is too late to put in any new legislation unless the session is extended.

Most of the members of the legislature who voted for the libel bill are spending Sunday in Atlantic City so as to avoid indignant constituents. The ones who refused to take orders are at their homes. They will all be here on early trains tomorrow, and it is possible that Quay will be in the city when they arrive.

WALTER J. CHRISTY.

DIED WHILE PRAYING.

Vicar General of the Diocese of Kentucky Expires at Dawn of Easter.

LOUISVILLE, April 12.—(Special.)—Stricken while on his knees in prayer, the Rt. Rev. Mgr. Michael Bouchett, vicar general of the diocese of Kentucky, 50 years a priest, died at the dawn of Easter day.

Mgr. Bouchett was in the confessional until after 11 o'clock last night. His last words spoken to any one were addressed to a man who came to make his holy Saturday confession. They were, "Go and sin no more." Mgr. Bouchett made his way to the rectory. When Father Rock entered the room a short time later he found the vicar general on his knees beside a chair. He was unconscious and died as the cathedral bell was ringing for the first time since Holy Thursday.

Mgr. Bouchett was born in France 78 years ago. Within a few months he was to have celebrated his golden jubilee as a priest, most of which half-century was spent in the diocese of Louisville, where he was greatly beloved.

TWO ARE CREMATED AND FIVE HURT IN INDIANAPOLIS FIRE

Physician's Home Destroyed and His Family Are Victims of the Flames.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Indianapolis, April 12.—Nathan Morris, one of the best known attorneys of Indiana, and Frank Haas, the 12-year-old son of Dr. Joseph Haas, were burned to death this morning, and Mrs. Joseph Haas, Miss Belle Haas, Miss Rose Haas, Logis Haas and Grace Lemon, a governess, were injured more or less seriously. The residence of Dr. Joseph Haas was nearly burned to the ground. The fire started at 3 o'clock from the furnace. The family was asleep on the second floor.

Mr. Morris was a brother of Mrs. Joseph Haas. From the position of his charred body, it was evident that he was endeavoring to rouse the family when overcome by the flames. The firemen succeeded in saving the other members of the family. The body of Frank Haas and the unconscious governess were found on the back stairs. Mr. Haas broke his leg jumping from a second-story window.

Mr. Morris was the senior member of the well-known law firm of Morris & Newberger. He was born in California in 1857, and has practiced here since 1877. Dr. Haas, one of the best known physicians in the city, was at Lima, Ind., visiting his son at a military school.

GOULD IS OPTIMISTIC OVER WESTERN OUTLOOK

Railroad Magnate Says Prospects Are Good for Splendid Crops.

[SPECIAL TELEGRAM TO THE GAZETTE.]

LAKEWOOD, N. J., April 12.—George J. Gould, who has just returned from a two weeks' trip over the Missouri Pacific and Wabash lines with his sons, Kingdon and Jay, spoke very optimistically of the conditions in the west in an interview with The Gazette correspondent at Georgian Court this afternoon.

He is confident that western farmers have at least another full year of prosperity ahead of them. With an immense wheat crop and prospects for a big crop of corn and money enough in western banks to move these crops to market, Mr. Gould believes that western farmers have every reason to be satisfied with their lot. There is no shortage of money in the west, he declares, and he believes that for some time to come, at least, the west will not have to draw on New York for money.

"I have never seen wheat look so well in all my experience in the west as it does now," said Mr. Gould. "It is a little early to speak of corn or cotton, but, as the soil is thoroughly watersoaked, these crops ought to thrive amazingly. The railroads won't have any trouble in moving the great wheat crop, but I think we shall all be short of cars in the fall if there is a big corn crop."

WELLESLEY CURATOR TO STUDY GRASSHOPPER

WELLESLEY, MASS., April 12.—Special.)—Albert H. Morse, curator of the Wellesley College Zoological museum, has been appointed assistant in research at the Carnegie institute. Mr. Morse proposes to make systematically a biological study of the locusts or short-horned grasshoppers of North America with special reference to their geographical distribution, variation and dispersal. He will probably devote the months of July and August to field work in the Appalachian mountains and adjoining regions.

NORTHERN SECURITIES DECISION A BLESSING

President of Seaboard Air Line System Says Country and Railroads Are Benefited by Preventing Mergers.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Richmond, Va., April 12.—The decision of the United States circuit court of appeals in the Northern Securities Company case, John Skelton Williams, president of the Seaboard Air Line railway system, says he regards as one of the greatest blessings and the brightest promises for railroad interests and general business that the country could have. When asked his opinion of the decision today Mr. Williams said:

"I am satisfied that when they come to study the matter carefully, railroad men and thinking men of all classes, not only in the south but in the country generally, except those whose ambitious schemes are directly hindered, will be united in the feeling that the decision is sound law, good sense and for the advantage of all legitimate interests and for the country's welfare. From a legal standpoint it accords with the opinions of many of the ablest lawyers of the country and it seems to be fortified with authorities and reasoning too strong to be shaken.

"I have no fear that the supreme court will reverse or seriously modify it. Public policy, public sentiment and established principles and precedents of law combine to sustain the circuit court. From a commercial and practical railroad standpoint the soundness of the court's position is indisputable. It voices the judgment of probably nine-tenths of the most conservative business men of the country. I am satisfied the country at large will welcome the court's action.

"The independent roads and systems are by this decision assured that connecting lines with whom they interchange business cannot be bought up by some powerful competition of their own and of such friendly connecting lines, and the holders of securities in the independent systems will be assured that their interests cannot be jeopardized by the sale of majority shares to rivals whose interests may be to divert the business of the road to other channels at the expense of minority holders. The large systems, on the other hand, are protected against the building of parallel lines, built to force them to buy to protect themselves.

"The decision seems to make impossible the success of the projected Southern Securities Company. It will be recollected that the recent hearing before the interstate commerce commission on the Louisville & Nashville case Mr. Gates testified that if the Northern Securities Company was upheld Mr. Morgan proposed the organization of a Southern Securities Company to merge certain important roads in the South, plans having been discussed or arranged to await the decision, which Mr. Morgan expected to be favorable to his methods. It could not have been a healthy or safe situation if a few men could have sat in their offices in New York and controlled the railroad systems of this entire country; not safe for the stockholders of the roads themselves nor for the public.

"Speaking for the independent systems I welcome the promise of continued fair competition. There is plenty of business to give good profits to all roads and systems properly established and wisely managed, and there will be demand for extension, and for new lines to carry the steadily increasing traffic and travel. As for the general public, it is idle to talk of a political republic with a financial tyranny. There is no more safety in having commerce at the mercy of an absolute ruler than there would be in having our government controlled by a czar who might be a benevolent or a cruel despot, a wise or a ruinous one, according to his whim or abilities or the circumstances.

"Instead of disturbing our prosperity, this decision, if sustained, as I believe it will be, will establish, secure and protect the commercial situation. It will encourage and foster legitimate extension, growth and expansion, and stimulate enterprise and industry and local effort by guaranteeing them against oppression and forced absorption."

BAY STATE FACTORY GIRLS HABITUAL SNUFF "RUBBERS"

[SPECIAL TELEGRAM TO THE GAZETTE.]

WORCESTER, MASS., April 12.—According to freight bills, four tons of snuff are received in Worcester from Chicago every week packed in one-ounce boxes. This means that 128,000 boxes are consumed by Worcester every seven days. Although the snuff box is out of date, the practice of "rushing" or "dipping," as it is variously called, is common among factory girls who are the only ones addicted to it.

Lowell has "dippers" and so has Lawrence, but Worcester girls evidently have the habit in an aggravated form. "Dipping" is practiced by combining the snuff with white castile soap and water, the mixture being scoured upon the gums until they smart. The effect is narcotic and is more forcible and injurious than either chewing or smoking. It also brings on chronic sore throat.

DOCTORED MEAT IS MAKING BEAUTIES OF WILEY'S GUESTS

Experimental Diet Produces Beautiful Pink Complexions That Are Envied by Washington Society Belles.

THE PITTSBURGH GAZETTE BUREAU, Room 31, Postal Building, WASHINGTON, D. C., April 12.

A remarkable development has taken place in the experiments of Dr. Wiley, chief of the bureau of chemistry of the agricultural department, to determine the effects on the human system of borax, formaldehyde and other food preservatives. Dr. Wiley has 12 young men whom he is boarding at the government's expense in order to observe their physical condition, and he finds that the latest phase of the experiment is that their skin is turning pink.

The change in the complexion of the chemical scholars has not been of an alarming character. On the contrary, each of the young men undergoing the heroic course of treatment has blossomed out with a bright pink complexion that would make a society belle sick with envy.

The change in Dr. Wiley's guests was noted with much concern at first. It was seen that the young men were turning a delicate pink. The coloring effect on the skin became more pronounced each day, until now all of the boarders are as ruddy and rosy as babies.

Dr. Wiley began to look into the matter in order to determine what chemicals produced the change in the complexion. His tests established the fact that the boys were in excellent health—the pink shade was no hectic flush, as might have proved the case.

It is said that the beneficial effects of the preservatives diet thus recorded form really the first scientific proof which the experiments have demonstrated of the entire harmlessness of the drugs used in preserving American meats. Said one of the boarders:

"Some of the boarders are worse than others—or better, I guess you'll say. But we have all got rosy cheeks and no mistake. Why, we are ashamed to go on the streets. The girls turn around and look at us. It's embarrassing."

It has been pointed out to Dr. Wiley, it is said, that he has in his possession a "beauty food" of great value, and it is confidently expected at the bureau of chemistry that when the news spreads about the discovery of the complexion purifier all the girls in the country having a desire for clear skins will besiege the bureau for information.

"Huh! The borax hasn't made my complexion pink," said Perry, the ebony-hued civil service cook. "I don't think there's anything in it."

MISS NIELSON DODGES THE CAMERA FIENDS

Reginald Vanderbilt's Bride Attends Early Mass Accompanied by Her Maid.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEWPORT, R. I., April 12.—Five fashionable boarding houses, Mrs. Vanderbilt's summer residence, the Breakers, and Alfred G. Vanderbilt's country place, Oakland, are ready tonight for the coming tomorrow of 150 guests for the wedding on Tuesday of Reginald Vanderbilt and Cathleen Neilson.

About 40 guests are already here, and their movements today in the vicinity of fashionable Bellevue avenue gave the locality such an appearance of life and gayety that Newport seemed to have suddenly plunged into mid-summer time.

There was a jolly luncheon party at Oakland today. Mr. and Mrs. Vanderbilt had an orchestra present to enliven the occasion. Tonight there was a dinner party at Oakland.

The Vanderbilt pew in Trinity church was occupied this morning for the first time in many weeks by Mrs. Vanderbilt, accompanied by her daughter Gladys. Miss Neilson, accompanied by her maid, attended early mass at St. Mary's and thus outwitted the small army of men with cameras who lined up for bombardment at the door of St. Mary's at the later and principal service of the morning, but only to search the outpouring crowds in vain for the subject of their curiosity.

Tonight a score of attendants left for New York to attend the wedding guests who will leave there for Newport at 10 and 1 o'clock. The principal event of tomorrow evening will be a dinner for 40 at the Breakers, where all the members of the Vanderbilt family will assemble.

President Still in the Wilds.

CINNABAR, MONT., April 12.—Secretary Loeb received no news from the president today. Most of the telephone wires in the park are down and if the president wanted to communicate with Cinnabar it would be necessary to send a messenger from his camp to Maj. Pitcher's quarters.

A soldier came into Fort Yellowstone today from the president's camp. He reported that the president was well and had seen a large quantity of game.

WEDDING PARTY WILL LUNCH IN TOMBS PRISON

Miss Sargent's Attendants to Be Entertained in Jail by the Warden's Wife.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, April 12.—Luncheon will be served in the Tombs prison tomorrow afternoon to Miss Gertrude Sargent and the young women who will act as maids of honor and bridesmaids on Wednesday, when Miss Sargent is wedded to Oscar Pouch, son of one of the founders of the Standard Oil Company. Mrs. Cornelia Van Der Car, wife of the warden of the prison, will give the luncheon in honor of Miss Sargent, who is her niece.

More interest will be taken in this entertainment because of the fact that it was only a few days ago that the same young women were entertained in the Waldorf-Astoria by the mother of Miss Marian Taber, who is to act as maid of honor at the wedding.

The private dining room of the warden, which is situated about the center of the prison, will be used for the luncheon. It has been profusely decorated with flowers and there will be nothing to remind the members of the party of their immediate surroundings except the fact that "trusty" prisoners will act as waiters. Menu cards of an unique nature have been prepared. At the conclusion of the luncheon Mrs. Van Der Car will take her young guests through the prison. Opportunity will be given them to inspect the cells made notorious by men charged with crimes of especial infamy.

SNOW IS FALLING AT ROOSEVELT CAMP

When President Roosevelt started into Yellowstone park to chase the goats, grizzly bears and mountain lions he insisted that all newspaper correspondents should remain behind, and in consequence no news has been received from his camp for several days. The chief executive, however, could not entirely ignore Uncle Sam's reporters in the weather bureau service, and last night they sent out the word that snow was falling at the president's camp, thus "scooping" the correspondents who are quartered outside the park. A light snowfall is just what the Rough Rider nimrod desired.

BILL NYE'S PARTNER DEAD.

"Bill" Root, Catcher of Wild Animals and Editor of Boomerang, Expires.

SALT LAKE CITY, April 12.—Col. "Bill" Root, a frontiersman, a companion through life of "Buffalo Bill," and a friend of "Bill" Nye during the latter's reportorial days in Laramie, died suddenly of heart failure here late last night. He was about 60 years old.

When a young man he settled in Laramie because interested in the Laramie Boomerang and took "Bill" Nye into partnership with him. This was the beginning of the latter's fame as a writer. As a catcher of wild animals, Col. Root had an international fame.

SERIOUS FIRE AT MARSHALLTOWN, IA.

MARSHALLTOWN, IA., April 12.—Fire is destroying the business part of Dysart, Tama county. The fire started this morning with an explosion in the Fair store, owned by J. A. Dayton. The Dayton store, Mayser & Lumsden's drug store, Wilson & Schroeder's market and the postoffice have been burned and the fire is still burning.

VIOLENT DEATHS ON EASTER DAY

Buffalo Has Series of Murders and Suicides at Short Intervals.

FATHER KILLS HIS SON

Also Shoots His Landlady and Her Recovery Is Doubtful. Actress Ends Her Own Life With Poison.

[By Associated Press to The Gazette.]

BUFFALO, N. Y., April 12.—A shooting affray in which a 9-year-old boy was killed and a woman mortally wounded, an attempted murder, two suicides and two attempts at suicide that may result fatally occurred in this city tonight.

Joseph Kwaitkowski, 51 years old, a representative Polish citizen, is locked up at police headquarters charged with shooting his landlady and killing his own son. Kwaitkowski formerly conducted an extensive business in one of the markets of the city. His wife died about a year ago, leaving two children. For the last four months he has lived in rooms at 190 Colt street. The owner of the house, Mrs. Tekla Wolinski, her husband and their children occupied the rear part of the building. The children of the two families were constantly quarreling. Tonight Kwaitkowski returned home and found the children in the usual turmoil. Mrs. Wolinski notified him that he would have to move, whereupon Kwaitkowski drew a revolver and began firing, backing out of the house as he did so. Mrs. Wolinski followed the infuriated Pole and grappled with him. He pointed the revolver at her breast and fired. She fell to the ground mortally wounded. Kwaitkowski fired several more shots, one of them striking his 9-year-old son, Peter, killing him instantly. Kwaitkowski gave desperate battle before he was overpowered.

George Denning, 55 years old, had been separated from his wife for some time. He called upon her today and tried to induce her to resume marital relations. She refused. He drew a revolver and fired. She fell to the floor in a faint and believing that he had killed her, Denning ran away. His body was found later in the evening in a Salvation Army lodging house. He had taken poison.

Miss Marie Peers, 20 years old, an actress, took morphine today. She is dead.

Bertha Vaught, 23 years old, swallowed a dose of vitriol. Her condition is serious.

Miss Blanche Murphy, after a quarrel the evening with an unknown man, who disappeared, swallowed a quantity of laudanum. She was taken to a hospital.

STABBED TO DEATH.

Charge of Murder Made Against a Prisoner at New Castle.

NEW CASTLE, PA., April 12.—(Special.)—George West, a Baltimore & Ohio railroad employe, is in jail here tonight on a charge of murder for killing Ralph Stiver of Taylor township, who died at noon today as a result of knife wounds inflicted last night by West. West admits the cutting, but says it was done in self defense. The affray occurred near the voting place at West Pittsburgh and was witnessed by Hugh McKinley. West says he and Stiver began matching pennies back of the West Pittsburgh voting place while waiting for the ballots to be counted. They quarreled and stopped. Later they started away together, accompanied by Hugh McKinley and another friend of Stiver. West says as they walked along some one struck him. He thought Stiver delivered the blow and attacked the latter to defend himself. West drew a pocket knife and stabbed Stiver eight times.

Stiver was employed by the West Pittsburgh Realty Company. He was 24 years old and married and lived with his wife and child in West Pittsburgh. His father is a traveling salesman.

ASK FOR AN INCREASE.

Horseshoers and Blacksmiths Demand Advance of 50 Cents a Day.

The United Labor League of Western Pennsylvania at their meeting last night unanimously indorsed the new wage scale of the horseshoers and blacksmiths' local. The scale gives firemen $4 and floormen $3.50 a day. Men doing work on both floor and fire are to receive $4. This is an increase of 50 cents all around. The scale is to go into effect May 4.

The league decided to co-operate with the Building Trades council in furthering the carnival to be held under the auspices of that organization May 30 to June 13.

Beer Bottle Used in a Fight.

William Stonis of Petre street and Mike Sososki of Leckey avenue, Allegheny, had a fight last night in a house in Woods Run avenue and Stonis got two bad cuts in the forehead by being struck with a beer bottle. Both were locked up. Stonis had to have 10 stitches put in his wounds.

Pittsburgh, Pa., April 11, 1903.

That the public may be informed on the status of the painters' strike, the following employing painters, at a meeting held this afternoon at the Builders' exchange, voted unanimously to stand by their proposition to the men, to give them last year's scale and $3.20 a day of eight hours, and that the names appearing from day to day in the newspapers, emanating from the union as having signed their scale, do not represent the employing painters of Pittsburgh, Allegheny and vicinity.

AS FULL OF GOOD THINGS AS AN EASTER EGG WAS CRAMMED WITH MEAT

Not one of the thousands of Easter eggs that were consumed yesterday in the Pittsburgh district was fuller of meat than the Sunday Gazette's pages were filled with the latest news and of highly instructive reading. The bright colors of the illuminated section of the Sunday Gazette also vied with the many colors of the Easter eggs that delighted the hearts of the little ones. There was nothing missed that the most critical reader would have wanted.

Max Leslie's victory over A. C. Robertson in the former's new scheme to elect city and county committeemen in the Republican organization was fully detailed, as was all of the political news from all parts of the world. The mysterious disappearance of Owen Morrison was startling, giving the police another mystery to work on, in addition to that of the Collins murder mystery. Beautiful pictures accompanied by descriptive matter explained the flower displays and told the people where to go to see them and what to expect. The wonderful recovery of a diamond that had been stolen from a Pittsburgh man two years ago read like a novel more than a happening in real life and was more interesting than some of the novels that are on the book shelves at present. All the rest of the local news was in the 50 pages and seven sections of the Sunday Gazette, written in a crisp, breezy manner without any padding.

It was a revelation to many people to learn that President Roosevelt carried a revolver, as stated by Gov. Van Sant of Minnesota and as narrated in a telegram from St. Paul in the Sunday Gazette. Everything else happening in all parts of the world that would be of interest to the people of the vicinity appeared by the aid of thousands of miles of telegraph wire, hundreds of correspondents and the great Associated Press service.

To attempt to enumerate the many things that appeared in the magazine sections would be a task of large proportions. There was something for everybody and many special articles that appealed particularly to certain folks. The interests of all were looked after—old and young, large and small. Payne's colored pictures of doings in Coon Hollow, the colored fashion portion and the Mother Goose melodies, illustrated by colored plates, always a feature, were as interesting as ever. The heavy rain of yesterday did not bother those who had copies of the Sunday Gazette, its brightness being accentuated by the dullness that prevailed outdoors.

CHARGES MADE BY FORMER OFFICIAL

Alleges Money Is Kept in Police Pension Fund Without Interest.

VERY LITTLE PAID OUT

Claimed That Total Amount Disbursed Every Year to Pensioners Does Not Exceed $8,000. A. H. Leslie Makes Statement.

A remarkable charge in connection with the Police Pension Fund association is made by a former police official who served on the board that had control of the pension fund. He claims that a large amount of money, not less than $40,000, is kept in the treasury out of the banks and retained in the current treasury and not drawing any interest, although the total demands on the treasury for the payment of pensions is not over $8,000 a year.

This statement is made by one who formerly held one of the most responsible positions in the police bureau and who was among those recently discharged for political reasons. He also asserts that other moneys belonging to the pension fund do not draw as high a rate of interest as could be obtained. To substantiate the statement that the entire disbursements in a year do not exceed $8,000 he produces the following list of those on the pension roll:

Roger O'Mara	$1,500
Sol Coulson	1,500
Jerry Gumbert	600
Conrad Schaffer	420
Gaudin Monigomery	420
John McClory	420
R. J. O'Donnell	420
Michael Wright	420
Thomas Patch	420
Alexander Hosk	420
Andrew Orth	540
Total	$7,260

The ex-officer also claims that the total amount in the pension fund is not over $130,000, although it has been generally supposed that it would reach $175,000. He says that as the dues for the employes are paid directly by the city controller to those in charge of the fund, the city, having no official connection with the fund, can not supervise it or protect the interests of the employes.

A. H. Leslie was president of the Police Pension Fund association until he retired as director of the department of public safety. He succeeded J. O. Brown, who was at the head of the association for a number of years. Leslie is an ardent defender of the scheme and denies that the association does not receive its full share of interest on the money in the treasury. He stated yesterday that the funds were placed on interest, but admitted that some deposits draw a higher rate of interest than others belonging to the association.

TRAIN CRASH KILLED FOUR

tion, Wellington, to hold the express. The message was too late. The express sped past Wellington station as the operator there received the warning signal. He dashed out on the platform wildly waving a lantern, but the train disappeared down the line in the darkness. A few minutes later the collision occurred.

The locomotives locked together and remained on the track. The postal and baggage cars went over the embankment down into the lake. Two railway mail clerks in the postal car were shaken up. Their car landed right side up and began to fill with water, but they escaped by climbing through a window in the roof and wading ashore. The men in the baggage and express car had a like experience, except that a heavy safe broke loose in the fall and smashed through the side of the car. The passenger coaches were considerably damaged, but remained on the track. Several passengers were thrown down by the shock or cut by flying glass.

Driver Wall of the express was caught in the mass of twisted iron and was scalded to death by escaping steam. Fireman Oakley was thrown or jumped from the cab and was drowned in the lake, where his body was found in six feet of water. Fireman Hill was burned to death and Brakeman Thorp was killed outright. Another brakeman of the freight train is missing and the lake is being dragged for his body.

TOO HANDY WITH REVOLVER.

That Is the Complaint Alleghenians Make Against Robert Mattu.

Walter Knoll of No. 1735 McCauslin street, Allegheny, who was shot in the head and slightly injured late Saturday night, will today enter suit against Robert Mattu of Compromise street, Allegheny, who is locked up, charging him with felonious shooting.

Knoll, William Costello and James Caskey were walking up Federal street, they allege, and when near North avenue they ran across Mattu, who was intoxicated. Knoll, they say, in dodging a street car, ran into Mattu, who took offense, pulled out a 22-caliber revolver and began shooting into the crowd. Knoll was struck in the head and Costello was shot through the left sleeve of his coat, but not hurt.

STORM CAUSES TWO DEATHS

Continued from First Page.

vale was struck by lightning and badly damaged. The members of the family were sitting in the parlor and all were stunned by the shock, but were not seriously hurt. In Rosa avenue, Wilkinsburg, the residence of George Otto was likewise shattered by a thunderbolt, but the family escaped. It will be necessary to rebuild the house.

In the same district street car traffic was completely paralyzed and no cars were running on any of the several lines entering Wilkinsburg up to a late hour, except on the Wilkinsburg & East Pittsburgh line, and this was tied up for several hours last night. There were a number of bad washouts on the Wilkinsburg-Verona line, and it will probably be 24 hours before the damage can be repaired and cars started to running. The Frankstown avenue line into Wilkinsburg was tied up by a washout in Oakwood street, Brushton, near the borough line, as were also the West Wilkinsburg and Fifth avenue, the Hamilton avenue, West Wilkinsburg and Penn avenue and Liberty avenue cars on the latter lines being unable to get through owing to the vast volume of water that overflowed the tracks in Brushton.

DAMAGE WAS GREAT IN WILKINSBURG

Houses Were Flooded and Several Persons Narrowly Escaped Drowning.

The downpour came with such suddenness and volume that the residents were unprepared for it and the sewers in the borough could carry only a small amount of the water that came pouring down the valleys that surround it. There were many narrow escapes and in several instances people were driven into the second stories of their homes.

Nearly all of the Thirty-seventh ward was inundated and great damage done by the water overflowing cellars. In that portion of Wilkinsburg known as "Crab Hollow" the loss of property was great, especially to outbuildings, fences, cellars and lumber yards. A big covered huckster wagon floated down the valley into Swissvale avenue during the downpour, and although it was on its side it righted itself when the greatest depth of water was reached and floated along the street in its natural position. A house occupied by an Italian fruit dealer and owned by the Ludwig heirs, located in Coal street, was raised from its foundation and came near floating away. The family were compelled to seek refuge in the second story of the building.

The cellar of the residence of John Porter in Pitt street was flooded and in some places the water was three feet deep in the street. Nearly every cellar in Trenton avenue was overflowed and at the intersection of Trenton avenue and Peebles street the water was two feet over the street car tracks. The few cars that got through the water had hot boxes before their trips were completed owing to the mud and water settling in the journals. At Pitt street and the Pennsylvania railroad thousands of feet of lumber was carried away from Hill's lumber yard, and even a set of stock scales were washed from their resting place and floated down the street.

HILL DWELLERS GOT A TASTE OF FLOOD

Hundreds of Houses in Allegheny Were Caught in Sudden Torrents.

Alleghenians who reside on the hills yesterday suffered the inconveniences and dangers from flood which have so often visited their neighbors in the lowlands of the North Side. On East street and Madison avenue, out Spring Garden avenue, Perrysville avenue, the Brighton Road, East Ohio street and down California avenue there were torrents on every thoroughfare, and street car traffic was delayed in many instances for an hour and longer.

The East street sewer, large as it is, could not carry the flood, and together with the earth and rocks which slid from the hillsides, and other debris, which collected in the street in 10 minutes after the storm broke, Madison avenue, from North avenue to East street, and East street to the Evergreen road were covered to a depth of three to four feet with a rushing torrent. The same conditions prevailed out Perrysville avenue and on other thoroughfares of the city.

The damage in Spring Garden borough was heavy, and there was a big landslide near Willow Grove, on the Millvale and Etna line of the Pittsburgh Railways Company, which delayed traffic for over three hours. Planks on the Butler road were torn up and swept away or piled along the road.

Yards and gardens on the hillsides all through the northern section of Allegheny and outlying districts suffered severely by washouts and the loss, it is thought, will reach thousands of dollars.

CEMETERY FENCE WAS SWEPT AWAY

Torrent Blockaded Butler Street and Inundated Several of the Dwelling Houses.

The rain was followed by a sudden flood along the hillsides in Lawrenceville district. The low ground in the Allegheny cemetery was covered with water. The torrent swept down the valley with irresistible force, carrying away a section of stone wall and iron fence and washed the debris upon the car tracks in Butler street. A dozen dwelling houses facing the cemetery were inundated and for a few minutes the families were compelled to flee to the second floor for safety.

A street car on the Sharpsburg and Aspinwall line was caught in the flood and swept from the rails. Mud and sand and a portion of the fence filled the thoroughfare to the depth of three feet. Extra hands were sent to the scene and the rubbish was quickly cleared. Traction traffic was delayed about 30 minutes.

Lightning struck the trolley wires on the Oakland division of the Pittsburgh Railways Company's lines and two cars were disabled. In the Homewood district several streets were deluged, awnings came down and the people were panic-stricken by the vivid play of the thunderbolts.

The damage to the cemetery will reach several thousand dollars. Among the Butler street sufferers are Charles E. Nolte, decorator, doors were broken from their hinges and windows were broken; the Adams Medical Company, doors broken in; R. Rinschid, confections, and the Hotel Costello, Forty-eighth and Butler streets.

LIMITED PLOWED THROUGH LANDSLIDE

Fast B. & O. Train Had Narrow Escape from Being Wrecked.

The Pittsburgh limited on the Baltimore & Ohio railroad had a narrow escape from being wrecked last evening, but the 150 passengers never knew of their danger until they reached Pittsburgh. Going at the rate of 50 miles an hour the train ran into a landslide. The fact that no persons were injured and the train kept on the track is nothing less than marvelous.

The train was coming down the steep grade at Port Royal, about 37 miles east of Pittsburgh. Just as it rounded the curves at that place the engineer saw that the tracks were covered with about two feet of earth. He had no time to check the speed of the train, but called to his fireman to be prepared for death. The iron horse plowed through the earth, scattering the clay substance all over the train. The engine was literally covered.

The landslide almost brought the train to a standstill, but to prevent excitement the engineer opened the throttle and the train sped on without the passengers learning the trouble. The first the passengers knew of what they had gone through was when the train arrived in Pittsburgh. It looked more like an old work train than anything else on wheels.

George Orbin was at the throttle and O. A. Hopkins had charge of the fire. Mr. Orbin, speaking of the affair said:

"I have been driving an engine over the mountain for the last 21 years. Never in all that time had I such an experience before. I was running at a good speed, and when I rounded the Port Royal curve I saw the landslide. I was too near to reduce the speed of the train. The way the train plowed the earth, scattering it over the train, was a sight I will never forget. Had there been any rocks on the track we would have been ditched, and it could be imagined what would have happened."

LIGHTNING CAUSED SIGNAL TOWER FIRE

Switchmen on Pennsylvania Railroad Narrowly Escaped Death from a Thunderbolt.

Lightning struck a wire leading into the tower used by the signal men of the Pennsylvania railroad, near the Wilkinsburg passenger station, and set it on fire. The fire department was called out to extinguish the flames. That no one was injured is regarded as remarkable. Everything was in a state of confusion and excitement in the borough after the storm and it was necessary for the people who were not accessible to the Pennsylvania railroad station and who wished to go to Pittsburgh to remain at home last night.

Edgewood and Swissvale also suffered from the downpour, but not to the extent of Wilkinsburg. The chief loss will be occasioned by the flooding of cellars and the carrying away of outbuildings, many of which floated down the streets until stopped by some obstruction. It was by far the most disastrous storm that has visited that section for years and it is thought that later reports will develop considerable losses in Wilkins, Sterrett and Braddock townships.

SENSATIONAL REPORT OF TRAIN BEING LOST

Montour Railroad Tracks Are Washed Out by Storm. No Start Made.

A sensational report reached Pittsburgh at an early hour this morning, to the effect that a passenger train on the Montour railroad between Corapolis and Imperial had been lost in the flood. The heavy rains yesterday caused a sudden rise in the streams in the valley and the tracks were washed out, leaving the evening passenger trains stranded at Montour Junction. It will be some time before the damaged roadbed can be repaired.

Scores of residents of Imperial and North Fayette township came to the city yesterday to visit the Phipps conservatory Easter flower show, and when the train did not reach Imperial at midnight the entire neighborhood was alarmed. There is no telephone or telegraph communication with the rural districts at night and the people who were caught on the delayed train could not send word to their families last night.

STORM'S DAMAGE GENERAL.

Heavy Rains Prevailed Throughout the Country—Cooler Today.

Reports received last night at the local office of the weather bureau indicated that thunder showers were general all over the eastern half of the country. The rainfall was particularly heavy in the Ohio valley and in 12 hours reached a maximum at Memphis of 1.15 inches. In Indiana, Kentucky, Illinois and Tennessee the streams are flooded, and at New Orleans the Mississippi reached a stage of 20 feet, which is four feet above the danger line. This will endanger the coal fleets in those waters.

Cooler weather is predicted for tonight and there may be danger from frost. The temperature is expected to fall 15 degrees in Pittsburgh and heavy overcoats will have the call.

FINE EXHIBITION AT FRICK CONSERVATORY

Only Surpassed in Size by the Exhibition at Schenley Park.

The Easter display of flowers in the private conservatory of Henry Clay Frick, Homewood and Penn avenues, is without doubt the finest individual exhibition in the two cities. This was attested by the hundreds of people who visited it yesterday. It was equal in grandeur to the show at Phipps conservatory, the only difference being that it was on a smaller scale.

David Fraser, who has charge of the conservatory, stated that more people visited the place yesterday than at any time since Mr. Frick gave permission to the public to view the flowers.

The propagating house was brought into use for the exhibition. The principal flowers in this department were the gloxinias and the fancy leaf caladiums. All the apartments in the conservatory are filled with flowers, making the exhibition one that will be long remembered by the hundreds of people who visited it.

The exhibition will be open to the public for several days. In a few weeks another display will be arranged when the public will have the pleasure of seeing one of the best flower shows ever presented in this city.

Rebuilding Sales and Reduced Prices.

The first of these sales begins today. Speaking of reduced prices, and our prices are *immoderately* reduced, we may say the act is *compulsory*. Our stocks are all new and great care was exercised in buying for the Spring and Summer season. The goods are of the well-known merit always expected of this store.

We would no more think of putting these prices down to the ridiculous figures named, *at the present time*, were it not mandatory, than we would think of closing our doors for a day or so just for a rest.

The annex of our store is largely filled, on the upper floors, with stocks in the reserve stock rooms. It is in this annex where the builders begin their operations. They are at work now tearing out the partition walls preparatory to throwing the whole adjoining building into large and magnificent store rooms. There is no place to put our reserve stocks—the counters being already filled. The only thing left for us is to move these stocks and the only way to move any stock quickly is to *cut the prices down* to where people can't help buying them.

Prices are not quoted again this morning because we have other news that must be given. The point to be memorized is that all sorts of wanted goods are now being sold for *prices that are seldom heard of*, not only in a special sale, but at any other time of the year.

The departments meriting attention today, where specially reduced prices operate, are Women's Suits and Coats, Women's Undergarments, Black and Colored Silks, Woolen and Cotton Dress Goods, Imported and American Wash Goods, Lace Curtains, Silverware, China and Table Linens.

With the foregoing remarks on today's special sale we go at once to other news.

Furniture for Summer House and Cottage

A somewhat technical name for Porch Furniture of every description, as well as furniture for rooms; in other words, furniture that looks summery and is invitingly comfortable. We make a specialty of carrying large lines of this furniture, and it is a pleasure to say that we are now ready to fill orders with dispatch. Taking up the lines under their special heads it will be noticed that there are many novelties—not necessarily expensive—but on the whole cleverly constructed furniture intended to meet the ideas of people who like neat and novel furniture.

Cedar Furniture.

On the lines of Arts and Crafts—very attractive, yet very simple. Native American cedar used in the construction, bark removed, but the knotted and rounded form of the tree trunk exposed on the cross pieces and legs of chairs and tables. Stained in pretty shades of oil green. Seats and backs are made of pleated fibre in the same pretty shade of green, and are strong and durable, yet pliable. Among this furniture will be found Arm, Side and Morris Chairs, also Tables, Plant Stands, Settees, Swings, Rockers, etc.

Rockers, $10 and $12.50 each.
Morris Chairs, $18 and $20 each.
Plant Stands, $3.50 and $4.00 each.

Arts and Crafts Furniture.

This comes in the newest and most novel shapes and designs—and at moderate prices—for dining room, living room, hall and den.

Our "Ridenour" Furniture is well made and noted for its artistic beauty. Of ash, finished in the weathered or fumed color, it is pleasing to the eye.

The "Onondaga" Furniture is made of chestnut, which is most effective for this class of work, and has a satin-like finish.

Porch Furniture.

This furniture has frames of maple, varnished, all with reed seats, some with wood backs, others with reed backs.

90c each for low Rockers with spindle backs.
$1.35 each for low Rockers with reed seat and back.
$2.25 each for arm Rockers with reed seat and back.
$2.25 each for high back Rockers with reed seat and back.
$7.75 each for Lounges with continuous reed seat.

Silver Birch Furniture.

The best Rustic Furniture manufactured, made with the soft, smooth bark still on, giving it the silvery appearance. We had all the pieces made with double woven reed seats and backs, in place of the splints heretofore used. The change is most agreeable. This furniture will stand the roughest kind of weather, and is particularly suited for porches and lawns.

Silver Birch Settees with canopies, Swings, Taborets, Rockers, Chairs and Tables.

Rockers, $2, $2.75, $3.50, $4.25 and $4.75.
Settees, $6, $9.50, $10 and $12.
Benches, $2, $2.50.

Reed Furniture.

From best makers in the country—more of this reed furniture than ever before. Many of the pieces are quite artistic, having been specially designed by the most expert designers.

Taborets, $1.90, $3.50, $4.50.
Rockers, $2.85, $5.50, $7.50, $9 and up to $12.
Settees, $13.50, $19, $20, $25 and $27.

Also Arm Chairs, Lounges and Tables at most interestingly low prices.

Rattan Furniture.

Made of imported cane, showing outside finish, in new designs worked up in combinations of colors.

Arm Chairs, $16.50, $18 and $20.
Rockers, $16.50, $18, $20.
Tables, $12.50 and $23.

Canton Chairs.

We import these from China, and they come in square and round shapes.

Round Canton Chairs, $4.75 and $7.
Square Canton Chairs, $5.50, $6.75 and $8.50.

Willow Furniture.

We show this make of furniture at lower prices than ever. A special feature, which you will notice, is that we can stain this furniture to match any shade or color desired.

Rockers, $5.25 and $5.50 each.
Arm Chairs, $4.75 and $5.
Tables, $2.75, $3.50, $4.50 each.

Miscellaneous.

The following, mostly on Cushions, Curtains and Slip Covers, always important throughout the Summer season:

We have many new Taborets in bright colors, on which to stand Jardinieres, $1.50 each and up.

We make Cushions and Pillows for porches and cottages. And cover them in materials of every conceivable color. For many of the finished pieces we have already made up Cushions and Pillow Covers in cretonnes, taffeta and linens.

Curtains and Door Hangings are also made to order in short time. We will send a competent person to consult or advise you about this important branch of furnishment. He will have samples of all different materials. Telephone or send postal to suit your convenience.

Slip Covers made to order and made to fit. A great variety of materials from which to select, such as Linens, Swansdown, Dimities, Chintzes and other art fabrics.

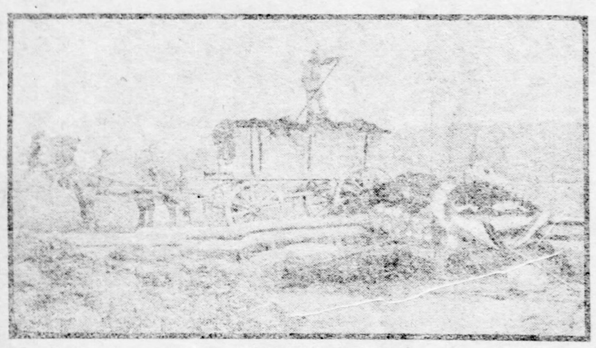
THE AMERICAN FLAG PUT TO UNCLEAN USE AT HIGHLAND PARK



There was an incident out in Highland park a few days ago that made the man who chanced to witness it hot enough to fight. The objects of his wrath were three men, evidently foreigners and also evidently men in the employ of the city, at least the team they were in charge of was one belonging to the department of public works. The team was attached to a wagon filled with manure, which was to be used as fertilizer, and the stuff was being thrown alongside the stone coping surrounding the big basin of the fountain at the main entrance. To protect the coping, apparently, a huge American flag had been thrown over it, and as the fertilizer was tossed out the folds of the flag were soiled by the stuff, but the white coping was in no way defiled. As stated, the man who witnessed this proceeding wanted to fight. It made him mad all the way through. He would have had but little show against three, however, so he did not make a show of physical force. But he had a weapon with him in the shape of a camera and he leveled it. The result he brought to The Gazette and it is reproduced herewith. It was not a nice use to put the glorious American emblem to. If the coping has to be covered it would be a good idea to get some canvas covers for it and keep the flag floating from the top of one of the flagstaffs in the park.

LIBEL BILL WOULD MAKE STATE LIKE PRESS-MUZZLED RUSSIA

Ministers of all denominations throughout the state are denouncing from the pulpit the Salus-Grady libel bill and agree that the iniquitous measure should be silenced forever. The Rev. S. Edward Young, pastor of the Second Presbyterian church, Pittsburgh, last night devoted his sermon to a criticism of the bill. He showed how the state of Pennsylvania would be like press-muzzled Russia if Gov. Pennypacker should sign the bill, and said in part:

The Salus-Grady bill will close the door to that wholesome reporting of men and their measures which a clear conscience courts and only wrongdoers dread. Freedom of speech has in our time become almost synonomous with freedom of press since the old type of town-meeting and lyceum discussion and stumpspeaking has passed over into the morning and afternoon printed page. We learn the news and get the arguments through the newspaper.

Shall we concede to each public official whom present-day politics thrusts upon us, a lese majeste, make him a sacred personage like Kaiser Wilhelm or Sultan Abdul Hamid, concerning whom we dare utter nothing except laudation? Must press-muzzled Russia be herein our model? Publicity is the remedy for 10,000 evils of trusts commercial, trusts political and trusts demoniacal. Heaven only knows what misdeeds are prevented, what would-be sinners against society are held in check by fear of journalistic exposure.

Is there an oppression of the people, any infraction of their rights, any enemy of public morals that could not be fought to its death by local papers opening a steady fire and allowing the people to speak through their columns? Strange that a bill permitting the debauch of our young men by race-track gambling and another bill that would hamper our battling against it should be advocated at Harrisburg almost in the same breath.

STUDENTS STUDY THE PRACTICAL SIDE

Michigan University Men Making Tour of Manufacturing Plants.

4 DAYS IN PITTSBURGH

Go from Here to Philadelphia, Thence to New York and Niagara Falls—Will Ride in Relays on Locomotive.

The party of mechanical engineering students of Michigan university arrived in Pittsburgh yesterday morning. Their itinerary includes all the important concerns in Toledo, Columbus, Pittsburgh, Philadelphia, New Jersey, New York and Niagara Falls. The trip will last eight days, during which time the students will be kept busy receiving instruction in their line of study.

Prof. John R. Allen and H. C. Anderson, faculty of the college, have charge of the party. Upon arriving at the Baltimore & Ohio station they were met by Charles Hamilton, city passenger agent of the Wabash, and J. W. Patterson, general manager of the Pittsburgh, Carnegie & Western. A trip was made to the Greentree tunnel. Here the students were instructed in the manner in which the tunnel was being excavated, and plans showing the mechanical devices used were placed in the hands of the pupils. After inspecting the Wabash work they were given a specially prepared dinner in the Wabash camp.

THREE BUSY DAYS HERE.

The party will spend three more days in Pittsburgh. This morning they will leave for Wilmerding, where they will inspect the plants of the Westinghouse Airbrake Company, the Westinghouse Electric Company and the Westinghouse Machine Company.

On Tuesday a trip will be made to the Pennsylvania tube works, the Edgar Thomson Steel Company, the Carnegie Steel Company, the Cunningham Window Glass Company and the power plant of the Pittsburgh Street Railways Company.

The tour for Wednesday includes a visit to the Keystone Bridge Company, the Lucy furnaces, the Crescent Steel Company and several mines of the Pittsburgh Coal Company. The trip to the mines will be made on one of the company's steamers.

The party will leave Wednesday evening over the Baltimore & Ohio for Philadelphia. Here they will visit the plants of the New York Shipbuilding Company, R. D. Wood & Co., the Baldwin locomotive works and the Edison station. They will leave Philadelphia on Thursday night for New York, where they will visit the Singer Machine Company, the Ball & Wood Engine Company, the Ball & Wood Boiler Company and the New York Electric Launch Company. On Saturday the Metropolitan power house, the De La Verne Refrigerating Company and the Brooklyn navy yard will be inspected.

VISIT TO THE FALLS.

The students will leave on Sunday for Niagara Falls, spending Monday inspecting the International Paper Company, the Niagara Falls Power Company, the Carborundum company and the Niagara Falls Hydraulic Power and Manufacturing Company.

In returning to Ann Arbor the students will be permitted to ride in the engine cab in relays. Two will be permitted in the engine at a time, when two more will take their places. This is to permit them to study railroad construction.

The following are the students who are on the tour: W. C. McBain, H. S. Graver, H. C. Hutchins, W. R. Grace, M. Pierce, A. F. Dusenbery, H. E. McDonnell, E. S. Brewer, M. H. Stimson, G. D. Bradshaw, J. G. Rarada, D. R. Fraser, E. A. Finkbeiner, J. E. McAfee, C. L. Keller, E. B. Arnold, R. W. McMullen, J. A. Brown, R. R. Thomson, J. C. Wright, R. M. Roosevelt, G. P. Sweet, A. C. Wheeler, C. T. Cotter, M. L. Runner, O. W. Visscher.

WILKINSBURG IS FULL OF COCAINE FIENDS

Startling Statements Credited to Men Who Have Been Making an Investigation.

Cocaine and morphine are being used in Wilkinsburg to a startling degree. The report of the medical fraternity that large quantities of the drugs were being used in all parts of the country led two citizens of Wilkinsburg to investigate to what extent they were being used by the residents of the borough. It was found that both men and women in large numbers are slaves to these particular drugs and are gradually poisoning themselves to death.

According to the figures of the investigators, one out of every 20 persons in the borough is addicted to the drug habit to more or less extent. The number of women using drugs occasioned the greatest surprise. The investigators learned that many young girls and young men are using strychnine and arsenic in large quantities to produce a better complexion and give brightness to the eye. In several instances they found young women to be physical wrecks from the too frequent use of these poisons. In other words, vanity has caused them to commit involuntary suicide. Scores of women are also using cocaine and morphine and have become abject slaves to the habit. It developed that the greater portion of the drugs used in Wilkinsburg is purchased in Pittsburgh, where they are more easily obtained, and for the further reason that they desire to prevent their friends and neighbors from finding out that they are "dope" fiends.

The men who have made these revelations had the assistance of other citizens who are in a position to gather considerable data in the matter, but they will not permit the use of their names at this time. The conditions will be called to the attention of the medical fraternity, with the hope that some remedy may be devised.

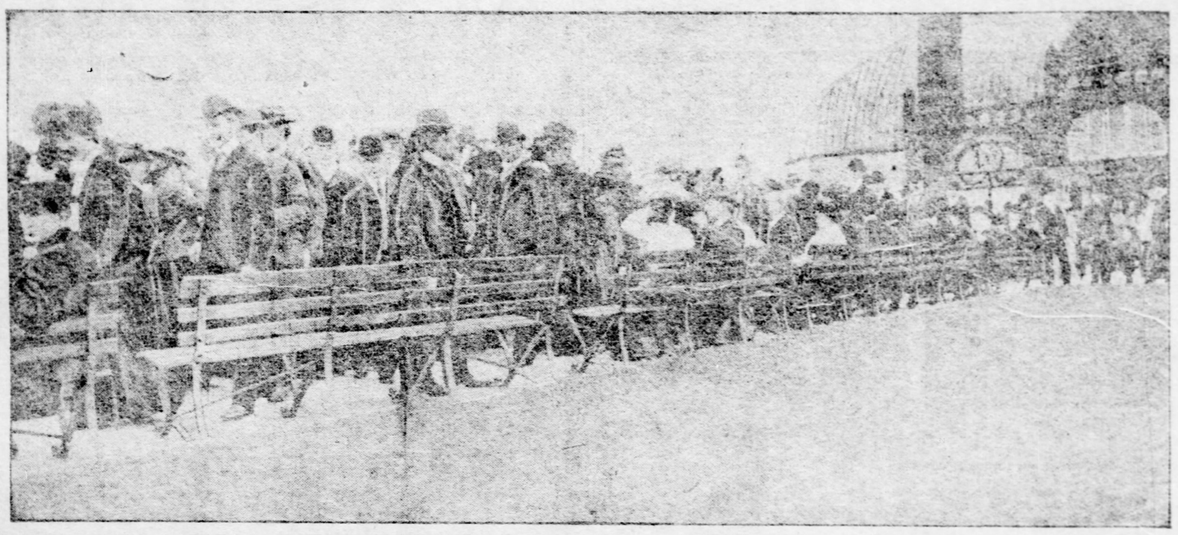
Passing Out of the Phipps Conservatory After Viewing Easter Display



RARE CHARACTER DIED SUDDENLY

Septuagenarian Never Rode on Street Car, Railroad or Steamboat.

NEVER PHOTOGRAPHED

Remarkable History of William Anderson, Rich Alleghenian, Who Passed Away Aged 76. Many Peculiar Traits.

Although he lived to the ripe old age of 76 years, William Anderson, a wealthy Alleghenian, who died suddenly Saturday, never rode on a street car, a railroad train or a steamboat and never had his photograph taken. This seems much stranger in view of the fact that Mr. Anderson lived nearly 60 years in Pittsburgh and Allegheny and was in business here for many years.

He died Saturday morning at 9:45 o'clock at his home, 410 West Diamond street, Allegheny, where he had lived for 48 years. Death was due to acute pneumonia, after an illness of but a few hours.

Mr. Anderson was a man of rare character and remarkable peculiarities. He was of Scotch-Irish parentage. He was born in County Derry, North of Ireland, in 1827, and at the age of 19 came to this country, straight for Pittsburgh. He arrived here May 1, 1847. Three months were consumed in the trip from Ireland to Pittsburgh.

Once in Pittsburgh he was seldom outside of its boundaries and then only when he drove or walked. He had no near relatives outside of the city and had no occasion or desire to travel by either rail or water. That he never patronized street cars, not even the old horse cars, was due to his remarkable frugality, by which he slowly accumulated a snug fortune. His relatives tell many instances of his money-saving qualities.

WALKED MILES TO CEMETERY.

He had a couple of children buried in the Allegheny cemetery. He visited their graves often, but always walked from Allegheny to the cemetery, a distance of several miles, and back to his home. He often walked as far as Wilkinsburg and back. He did this to save the nickels, which he claimed he could not afford to spend while he was accumulating money to get a start in business and as long as his health permitted him to walk. In the early days before street car lines were established and when the omnibus was the mode of transportation between the city and suburbs Mr. Anderson preferred to walk rather than pay 50 cents or a dollar to ride.

Mr. Anderson's first boarding place in Pittsburgh was at the old Red Lion hotel in Sixth street, the famous hostelry where Lafayette and other notables stopped in the early days. He had related that his board there cost him $2 a week, while his earnings were but $5 a week. His first work in Pittsburgh was driving a dray. By frugal means he saved enough money to buy a dray and horse and later got enough funds together to purchase several drays and horses. He did the hauling for large dealers from the wharves to the warehouses.

DID NOT BELIEVE IN INSURANCE.

He had obtained a good start in this business when his stables and property burned to the ground. Mr. Anderson was not a believer in fire or life insurance, and the destruction of his property was, therefore, a total loss. Undaunted by this misfortune, he started anew to recoup his fortune and by the same steady persistence and patient labor he was soon prosperous again. He was conducting a general express business about 25 years ago, when he was compelled to retire owing to an attack of malignant typhoid fever which left him totally blind.

This affliction brought out more strongly the stern rectitude of the man's character and his devout Christian faith. Through all the years of his blindness he was uncomplaining and never mentioned his infirmity.

His devotion to religion and his church was one of the strong traits of his character. He was a member of the Second United Presbyterian church of Allegheny, of which Rev. W. H. McMillan is pastor.

The pastor yesterday referred to the fact that in the 30 years of his pastorate of his church he did not remember of Mr. Anderson having been absent from services more than twice. The deceased was a student of the Bible, whose precepts he made the rule of his every-day life, to the extent that often added to his peculiarities. He increased his savings by careful investments, principally in real estate. He owned property in the First and Second wards, Allegheny, mostly on Stockton avenue and Federal street. He also invested in bank and other stocks and in bonds.

OBJECTED TO SUNDAY CARS.

His strict ideas of religion were evidenced by his refusal to invest in either street railway or railroad stock because the lines were operated on Sunday. His wealth is estimated at about $80,000.

Although he was well informed and possessed an unusually large vocabulary, the only books he ever read were the bible, Baxter's "Saints Rest," Bunyan's "Pilgrim's Progress" and the dictionary. He and his wife never wore any jewelry, not even a ring at their wedding, because the husband believed that personal adornment was a vanity and "idol worship," as he called it. For the same reason he and his wife never had their photographs taken and would not permit a camera for this purpose to be brought into the house.

He never patronized a barber shop, for he regarded the price of a shave or hair cut as a needless luxury. When extortionate prices were charged for vegetables or other eatables he did without them because he believed in paying only a fair price for everything, and no more. He never drank or used tobacco in any form, never belonged to a secret society and took no part in politics. He regarded the colonial politician as the only fit type and considered the modern politician as a demagogue.

SUIT LASTED TWENTY-FIVE YEARS.

He had his Sunday suit, but by careful usage made it last him 25 years. The last suit was made about three years ago. He remarked at the time that he "would be buried in it."

Mr. Anderson was married in Pittsburgh to Mary Finley, also a native of Ireland, who preceded him to this country about a year. She died five and one-half years ago and is buried in Highwood cemetery. He will be laid at rest beside her tomorrow.

Three children survive him, William B. Anderson of Winona, Minn., a former state senator and district attorney of Minnesota; the Misses Sarah and Mary Anderson, who lived with their father.

FIGHT FOR CLERKSHIPS MAY COME UP TODAY

Republicans in Select Council May Prevent a Joint Session in Behalf of the Candidacy of the Incumbents.

Councils will meet to-day. The chief business will be the election of city clerks. That there will be no election today seems to be the opinion, although the fact that the Citizens party is not repeating the claim that it has secured two members of select council is interpreted in two ways, either that they have the two and want to blind the opposition, or have not the two and recognize the fact.

A meeting of Republican councilmen and leaders was held at the headquarters in Sixth avenue yesterday. The councilmen went away with the determination to prevent the election of Edgar W. Hassler and H. B. Davis, the Citizens party candidates for clerk and assistant clerk, who are opposed by the present incumbents, E. J. Martin and W. C. Gearing.

Common council's regular time of meeting is in the evening, but a call has been issued to meet at 3 p. m. in special session, at the same hour the select branch regularly meets. In addition common council will hold its regular meeting this evening.

Select council is a tie politically, each side having 13 votes. In joint session the Citizens party would have a majority, its preponderance in common council being very large. Therefore it is to the interest of the supporters of Martin and Gearing to prevent a joint session, which can be done by not having a quorum present in select or by voting down a motion to go into joint session.

Charles S. Crawford, president of common council, said yesterday that there would be a quorum in his branch. The Republicans in select council may stay away in numbers sufficient to prevent a quorum, or they can go in full force, depending upon the tie vote to defeat a motion to go into joint session. That dependence would be a slender reed, however, for if the Citizens have succeeded in securing the vote of one Republican member they could force a joint session. It is likely, therefore, that a quorum will not be present.

M'TIGHE THINKS IT WAS A CASE OF MURDER

Superintendent of Police of Opinion James Butler Did Not Kill Himself.

"James Butler was murdered; he never committed suicide."

These were the words of Superintendent of Police John P. McTighe last night when he was talking in reference to the mysterious death of James Butler, who was found dead in the room of his former wife at No. 305 Avery street, Allegheny, on Friday. Alderman John A. Martin and other friends of Butler say that he met with foul play and that Coroner Jesse M. McGeary should make a special investigation of the case. At the time Butler was found it was supposed that he had committed suicide because he had not been placed on the detective force of this city.

Butler had no reason to commit suicide for that reason. Superintendent McTighe says that he would have been made a front office man within the next few days. The police official says that he saw Butler on the evening that he died and says the young man was in the best of spirits. Friends of Butler decline to say who is supposed to have had a hand in Butler's death.

The inquest in the case will be held this morning and Coroner McGeary may learn the facts concerning the mystery. Butler was well known among the politicians of the Sixth ward. He lived in Chestnut street and did considerable work for Alderman Charles McGovern and John A. Martin. Butler was 28 years old and was married when he was 16 years old. He was afterward divorced, but it is said wedded his former wife two months ago.

The detectives of Pittsburgh and officers of Allegheny county have considerable work before them in solving the local murder mysteries of late and capturing the murderers. Superintendent of Detectives Thomas A. McQualde alone has 10 of these mysteries to solve.

The last of these was the murder of Coachman Frederick R. Collins, who was killed at Center avenue and Aliquippa street Tuesday morning. The murderers have effected their escape and Superintendent McQuaide has been unable to establish a motive for the crime and ascertain who committed it. Other murders that Superintendent McQuaide's front office force have to solve and capture the culprits are those of Sullivan E. Palm, Officer Patrick McBride, William Harrison Mogart, Policeman James Sheehy, Mrs. Elizabeth Cuthbert, Achsah King, Andrew Ulewicz and Dominico Abriola. The county detective and his officers permitted 18 murderers to escape last year.

Italian Fatally Shot.

LATROBE, PA., April 12.—(Special.)—In a row at Jamison coal works, about three miles from here, last night, Dominick Fragnito perhaps fatally shot Augustus Travlito. The men, who are both Italians, quarreled over a keg of beer and Fragnito pulled a revolver from his pocket and fired three times at Travlito, one of the shots taking effect in Travlito's breast and the others lodged in the hand and arm. Fragnito was arrested and taken to the county jail to await the results of the shooting.

AGED MISER KILLED BY DEADLY POISON

Joseph McKnight, Aged 80, of Canton Township, Took Paris Green.

Joseph McKnight, 80 years old, living in Canton township, died yesterday afternoon from poisoning. Six hours later, when a post-mortem examination was held, his stomach was found to be literally filled with paris green. Grant Miller, who lives on the farm adjoining McKnight's, found him in his dilapidated but all but dead and badly emaciated from starvation. The sick man refused to tell what ailed him, so Miller went to summon a doctor. Dr. W. F. Cotton responded, but the man was too far gone for medical assistance to be of any benefit.

Eighty-four dollars in paper money and six dollars in silver were found in the dead man's pockets. It was known that McKnight had more money than this and a search of his premises was instituted, resulting in the finding of a dilapidated bank book of the Washington Trust Company with credits of $2,200 in it. McKnight was known for miles around as a miser, hermit and for his all-around peculiarities. He was a bachelor.

For over 40 years he resided on his 40-acre farm in a little one-room ramshackle sort of place, communicating with no one and allowing no one to communicate with him. In the summer he was to be seen working his little farm, but never did he employ any help. About 10 days ago, it is said, he had a will drawn up, but a thorough search failed to reveal it on his premises. No one seems to know anything about it or of its contents. As McKnight was almost blind, it is not known whether he took the paris green by mistake or with suicidal intent. His physical appearance showed that he had had nothing to eat for several days.

SUBMARINES TESTED.

Cherbourg Harbor the Scene of Demonstrations of New Naval Auxiliary.

CHERBOURG, April 12.—(Special Cable.)—A fresh exhibit of French submarine boats took place yesterday. As the Bretagne was nearing Havre the Espador lay in wait for her and came to the surface 200 yards from her as she was passing.

The Silure did better. She placed herself so that she was right between the Bretagne and the Champagne as they crossed one another and torpedoed from the stem simultaneously by left and right and then suddenly appeared on the surface, to the intense surprise of the passengers.

Storm Stops Mill Work.

LATROBE, PA., April 12.—A disastrous rain and thunderstorm passed over this portion of Westmoreland county about 6 o'clock this evening. The rain came down in torrents and the streets along the Loyalhanna creek were flooded, doing much damage to the property, and it is likely some of the mills were damaged to an extent that they will be compelled to stop work for a few days. The tracks of the Pennsylvania were almost submerged in the lower part of the town.

GRIEF DROVE HER TO SUICIDE

Woman Whose Child Had Died Asphyxiated Herself at East Pittsburgh.

DEATH OF JACOB LANG

Allegheny Butcher Expired from Heart Trouble While Attending a Meeting—Three Other Coroner's Cases Yesterday.

Despondent because of the death of her child three months ago, Mrs. Lulu May Kilgore, aged 34, committed suicide yesterday morning at the home of her sister, Mrs. Olive Parker, Sycamore street, East Pittsburgh, by asphyxiation. She fastened a small rubber hose to the service pipe in the stove and, lying beside the stove, she placed the hose in her mouth after turning on the gas.

Mrs. Kilgore had lived with her husband in Swissvale until the death of their child. This so preyed on her mind that her husband decided to give up housekeeping and take his wife to the home of her sister. Her husband went to Allegheny yesterday morning, leaving his wife asleep. It is supposed after he left the room she got up and ended her life.

Her sister, Mrs. Parker, noticed an odor of gas as she passed her room. When she tried to open the door it was locked. As the melancholy woman had often threatened to end her life, Mrs. Parker became suspicious and broke into the room. She found her sister lying dead on the floor.

JACOB LANG DROPPED DEAD.

"We have $37 here," were the last words of Jacob Lang of No. 2616 Carson street, South Side, when he dropped dead in the school room of the St. Peter's Roman Catholic church, in South Twenty-eighth street, yesterday afternoon shortly after 3 o'clock. Lang was a butcher and was well known in the South Side. Yesterday afternoon he was attending a meeting of the St. George Beneficial association, of which he was a member of the finance committee.

He had just finished counting some money of the association when he fell on the floor. Physicians were immediately summoned and when they arrived pronounced Lang dead of heart disease. He was 41 years old and is survived by three daughters. Lang's wife died one year ago. He had complained of pains in his heart for three months.

UNKNOWN KILLED ON RAILROAD.

A man supposed to be Edward McDootle of Youngstown, O., was killed by a train while walking on the Baltimore & Ohio railroad tracks last night at 8 o'clock at Marion station. A union card of the Journeymen Plasterers, No. 179, of the international association at Youngstown, was found in his pocket. He was about 30 years old.

Thomas Decorcey, a brakeman on the Pittsburgh & Lake Erie railroad, was run over at Homestead last evening and fatally injured. He was sent to the city as soon as he was hurt, but died in the ambulance between the station and the West Penn hospital. Decorcey was unmarried and 21 years of age. He lived at No. 514 Sheridan street, Allegheny.

Fred Federal, a laborer of the rear of No. 126 Lukey avenue, Allegheny, single and 24 years old, was found dead in bed yesterday morning from heart failure. He was a Slav and worked for the Pressed Steel Car Company.

CITY OFFICIALS SELECTED BY MAYOR OF NEW CASTLE

MAYOR'S APPOINTMENTS GO TO CITY COUNCILS

NEW CASTLE, PA., April 12.—(Special.)—Tomorrow night Mayor John C. Jackson will present to councils his nominations for heads of departments of the city government as follows: Chief of police, Cyrus C. Horner; director of highways, Samuel P. Magee; director of public charities, Robert W. McCandless; chief of the department of the poor, W. P. Jackson. City Clerk Charles O. Duff will have no opposition for re-election. Among those mentioned for city physician are Dr. T. L. Van Geisen, Dr. John Tucker, Dr. Howard E. Zerner and Dr. Elmer P. Norris.

OFFICIAL COUNT NEEDED TO DETERMINE RESULT

Lawrence County Republican Primaries Caused a Lively Contest.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW CASTLE, PA., April 12.—The nomination of John W. Waddington, of Hickory township for sheriff over Edwin L. Ayres of Pulaski, and of Joseph V. Cunningham for district attorney over Charles H. Young, is generally conceded today, but it is possible that the result on sheriff may be changed by the official count tomorrow. Half a dozen precincts are yet unreported, and they cannot be heard from until the county committee meets tomorrow. Nothing more definite is known concerning the fight over the election of delegates to the Republican state convention.

A desperate battle occurred over both the control of the county committee and the state delegates, and the result of the latter is extremely close. For the county committee the anti-Wallace forces claim a complete victory. The importance of the struggle yesterday lies in the fact that the county committee selected this spring will form the rules under which the primaries next year will be held, at which the Republicans will nominate a candidate for common pleas judge. Judge Wallace will again be a candidate. The opposition has not yet announced a candidate.

Judge Wallace continues to claim that he will be able to organize the county committee when it meets for reorganization, but does not give any figures. Lieut.-Gov. William M. Brown today gave out figures placing 35 of the 60 precinct committeemen in the anti-Wallace column. This list places 15 committeemen in the Wallace column. Two precincts have elected committeemen, whom both sides claim, Enon Valley and Hazel Dell. There were ties in the First Pulaski and the Fourth Waynes precinct and eight precincts are yet unreported.

The following is the list furnished by Lieut.-Gov. Brown as the complexion of the county committee, placing 13 out of the 29 city committeemen in the anti-Wallace column.

Anti-Wallace committeemen — First ward, Second precinct, C. G. Logan; Second ward, Second precinct, Bert E. Stevenson, Third precinct, R. W. McCandless; Third ward, First precinct, O. H. P. Green, Second precinct, E. A. Cook, Third precinct, C. H. Andrews; Fourth ward, First precinct, B. J. Rocks, Second precinct, S. J. Hamilton, Third precinct, George T. Weingartner; Fifth ward, Second precinct, John B. Brown, Third precinct, Scott W. Rankin, Fourth precinct, F. J. Clark; Seventh ward, First precinct, A. C. Hyde, New Wilmington, J. E. Martin; Volant, C. F. Ball; Wampum, H. J. McCready; Big Beaver, First precinct, F. M. Gilkey; Hickory, A. T. Dinsmore; Mahoning, Second precinct, W. R. Martin; Little Beaver, W. H. Watt; Perry, First precinct, I. J. Van Gorder, Second precinct, S. C. Van Gorder; Plainsgrove, David Hamilton; Pulaski, Second precinct, David C. McBride; Scott, W. F. McAlmont; Shenango, First precinct, Lafayette Baldwin, Second precinct, John F. Brinton; Third precinct, A. W. Parks; Slippery Rock, Second precinct, J. E. Ramsey; Taylor, William McMahon; Union, First precinct, Ensley Coates; Union, Second precinct, John H. Bashline; Washington, T. C. Blevins.

Wallace committeemen—First ward, First precinct, Charles B. Mayne, second precinct, J. W. L. Schaefnocker; Second ward, Second precinct, Henry P. Shaner; Fifth ward, First precinct, Chauncey Davis; Sixth ward, First precinct, William McDonald, Second precinct, Samuel Gregg; Seventh ward, Second precinct, William Hoffman, Elwood City, L. H. Turner, South New Castle, Harry S. Barber; Neshannock, Second precinct, Joseph Holden; Wayne, Third precinct, T. A. Gartley; Wilmington, First precinct, Mebard Neal, Second precinct, J. W. Cummings.

OLDEST INHABITANT DEAD AT CANAL DOVER

CANAL DOVER, O., April 12.—(Special.)—Mrs. Susan Croxton died at the home of her daughter, Mrs. George Hopkins, here this morning at the age of 94. She was Dover's oldest citizen and a direct descendant of Josiah Bartlett, one of the signers of the Declaration of Independence. She was the wife of John Croxton, who was for many years one of the leading merchants here.

Volunteer Firemen's Ball.

MURDERED AND THROWN ON THE RAILROAD TRACKS

Well-Dressed Man, Victim of Robbers, Had Not Even an Identification Card Left.

[SPECIAL TELEGRAM TO THE GAZETTE.]

LATROBE, PA., April 12.—The body of a well-dressed man was found by a watchman on the elevated tracks of the Pennsylvania railroad, between Ligonier street and Jefferson street, about 8:30 tonight. His right leg was severed from the body and there were several cuts about the head and face. His pockets had been rifled, leaving no clue to his identity. A west-bound train had just passed and the authorities think he was thrown on to the track to conceal a murder.

When the body was examined the name George was found on his collar.

CANAL DOVER WILL NOT BE REPRESENTED

CANAL DOVER, O., April 12.—(Special.)—For the first time in many years, the lodges of the Amalgamated Association of Iron, Steel and Tin Workers will not be represented at the annual convention of that organization which will convene at Columbus on Tuesday morning. Since the big strike here two years ago, which resulted in the organization losing the mill, the union has not had the same amount of influence, although quite strong numerically in both towns. Sentiment here is for the re-election of Theodore J. Shaffer.

Married at Steubenville.

STEUBENVILLE, O., April 12.—(Special.)—Ernest Smith and Blanche N. Ryan of Turtle Creek, William A. Dunlap and Cora B. Scott of Parkman, J. C. Ewart and Mary R. Moore of Mercer, Pa.; William R. Ripple and Margaret J. C. McCabe of Allegheny, C. A. Riley and Margaret Morrison of Wilkinsburg, James L. Means and Ida A. Mackay of Johnstown, were granted licenses and married here.

MACHINISTS' NEW SCALE.

Agreement Calling for an Advance of 15 Per Cent Was Adopted by the Men.

Several hundred members of the Pittsburgh district of the International Machinists' association met yesterday afternoon in Old City hall and discussed the matter of presenting the employers a new wage scale to take the place of the one in effect now, which expires on July 1. The articles of the new agreement were adopted. The scale is practically the same as the one presented last year with the exception of an all-round 15 per cent increase. It is expected that the employers will ratify the scale within a few days.

D. W. Roderick, one of the general organizers of the international association, with headquarters in Chicago, spoke on "The Benefit of Trades Unions."

Railroaders' Wages Advanced.

DENVER, COL., April 12.—Manager Edson of the Denver & Rio Grande railroad has granted an increase in wages of 5 per cent to engineers and firemen working on ordinary engines, and 7½ per cent to those on compound engines. The men had demanded 15 and 20 per cent increases, but will accept the compromise offered.

Cardinal Gibbons on Duty.

BALTIMORE, April 12.—Cardinal Gibbons pontificated at the Easter services in the cathedral today. His eminence was much improved in health and his voice was strong. The Rev. Dr. William A. Fletcher, rector of the cathedral, preached the sermon and was assisted by other priests attached to the cathedral household. Students from St. Mary's seminary sang the responses to the mass.

Steamship Brings 25,000 Seals.

ST. JOHNS, N. F., April 12.—The steamer Terranova arrived tonight with a catch of 25,000 seals.

PERSONALS

H. W. Mellon of Prince of Wales Island, Alaska, arrived in Pittsburgh yesterday and is stopping at the Henry. He is here on a business mission. Mr. Mellon is interested in gold mining and is a stockholder in a fish company. Speaking of Alaska, he says its mineral wealth exceeds that of Montana. "Were the same amount of capital invested in Alaska as there is in South Africa, the dividends would be over 50 per cent more than that of the South African investments. People in this part of the country are impressed with the idea that Alaska is a cold country. The Japan current, which flows past the coast of Alaska, warms up the country for several miles, making the climate even better than that of Pittsburgh. The interior of Alaska is very cold, but few people have need to enter the colder region. Most of the mineral wealth is in the warmer section. Salmon exists in great quantities. The fish is canned and sent to the United States. The shipments of salmon from Alaska is greater by far than those from the Columbia river." Mr. Mellon has been in Alaska for 12 years, and in company with Col. Wilkinson of London, England, surveyed the route on which is built the railroad from Dawson City to Skagway. For five years he was probate judge for the United States at Dawson.

J. A. Speer, president of the Chicago terminal lines, passed through the city last night on the Limited. He had been in New York on business.

D. T. Watson left last night for Washington. It is said he went to hold a conference with Attorney General P. C. Knox regarding the Alaskan boundary dispute, Mr. Watson having been appointed counsel for the United States.

James McCrea, first vice president; Joseph Wood, second vice president, and E. B. Taylor, fourth vice president, of the Pennsylvania lines, left last night for Philadelphia. They will attend the annual dinner given to President A. J. Cassatt of the Pennsylvania Railroad Company by the directors. The dinner marks the fifty-seventh anniversary of the incorporation of the Pennsylvania railroad.

Neighbors Visiting Pittsburgh.

The Death Roll.

The Rev. J. H. Potter, D. D.

The Rev. J. H. Potter, D. D., who died Saturday at his home in Eustis, Fla., was well known in this vicinity, where he had spent part of his life and where he had many relatives and friends. He was born October 3, 1826, at Liberty, Allegheny county, Pa. He attended Jefferson college, from which he was graduated in 1851. Four years later he was graduated from the Western Theological seminary in Allegheny. Then Mr. Potter had been pastor of the following churches during his almost half-century of preaching: First Presbyterian church of Maquoketa, Ia.; Light Street church, Baltimore; First Presbyterian church of Winterset, Ia., and the church of Eustis, Fla. The last-named charge he had for 20 years. The deceased was the eldest of four brothers who entered the ministry, as follows: The Rev. John W. Potter, now deceased; the Rev. G. M. Potter of Sharpsburg, and the Rev. W. N. Potter of Darlington, Pa. He leaves a widow and the following three children: Supreme Court Justice W. P. Potter of the East End, John S. Potter of the East End, and Mrs. Mary T. Kane of Cripple Creek, Col. The Rev. Mr. Potter was a wonderfully successful exponent of the gospel and preached with the vigor of his youthful days until his last illness.

Funeral of Father and Daughter.

The bodies of a father and his daughter lay side by side in front of the chancel of St. Thomas' Roman Catholic church, Braddock, yesterday afternoon, while the venerable pastor, Very Rev. Father John Hickey, preached to a congregation of over 1,000 persons. The double funeral was that of Patrick Murphy of No. 435 Kirkpatrick avenue, North Braddock, and his daughter, Mrs. Catherine Cain, wife of John Cain, a young steel worker. The father, who was 55 years old, had been ill one week with pneumonia, and died at 8 o'clock on Friday. Mrs. Cain, aged 25 years, died of pneumonia at midnight of Friday, 16 hours after the death of her parent. Mrs. Cain had been married scarcely a year. About the time the father was stricken with the fatal sickness last week, Mrs. Cain's first born babe died after a short illness from pneumonia. The services were unusually impressive.

Mrs. Laura M. Wakeman.

Mrs. Laura M. Wakeman, wife of James T. Wakeman, died suddenly at her home, No. 7135 Kelton avenue, East End, at 5 o'clock yesterday afternoon of heart trouble. She complained of feeling ill a short time before and went to her bed. She died without pain. Mrs. Wakeman was 36 years old and was born on Troy Hill, Allegheny. Before her marriage she was Miss Laura M. Letty. She was married 16 years ago to Mr. Wakeman, who is secretary and treasurer of the Eagle Foundry and Machine Company, Allegheny. She is survived by her husband and four children: Hoyt and Ely, Laura L. and Edna M. She also will be buried from her late residence Wednesday afternoon at 2 o'clock and the interment will be in Uniondale cemetery.

Col. J. E. McGowan.

Col. J. E. McGowan, the veteran editor-in-chief of the Chattanooga (Tenn.) Times, and one of the oldest and best known newspaper men in the south, died yesterday at his home. The death of Col. McGowan removes a man who has been actively engaged in southern journalism from the early reconstruction days. He was born in Ohio, September 30, 1831, and at a very young man practiced law in both Iowa and his native state. He was a veteran of the civil war, serving with distinction. His newspaper career began in 1872, when he became associate editor of the Chattanooga Times.

Edward V. McCandless.

Edward V. McCandless, a bookkeeper in the Carnegie building, aged 61 years, died at his residence, No. 7021 Hamilton avenue, at 4:30 o'clock yesterday morning, of pneumonia, after a short illness. Mr. Fraser was the owner and proprietor of the Fraser apartments in Homewood, where he lived. For several years he conducted a saloon in Homewood avenue. He is survived by his widow, who was Miss Leon Stewart. He will be buried tomorrow afternoon at 2 o'clock, and the interment will be in the Homewood cemetery.

Robert L. Fraser.

Robert L. Fraser, aged 35 years, died at his home, No. 702 Homewood avenue, at 4:30 o'clock yesterday morning, of pneumonia, after a short illness. Mr. Fraser was the owner and proprietor of the Fraser apartments in Homewood, where he lived. For several years he conducted a saloon in Homewood avenue. He is survived by his widow, who was Miss Leon Stewart. He will be buried tomorrow afternoon at 2 o'clock, and the interment will be in the Homewood cemetery.

Women College Graduates.

The ability of college graduates as educators has proved so marked that in many schools and colleges no other applicants are considered.

In their own homes, if married, even though often without experience in domestic affairs at the outset, they quickly adjust their households and create an atmosphere of comfort and happiness. In the homes of their parents, if they return, they take up what lies nearest for them to do and do it with energy and dispatch. After the activity of their college career they feel the need of absorbing interests and naturally take hold of some enterprise, literary, philanthropic, religious or domestic. Whatever it may be, their labors are sure to be so intelligent and effective as to arouse respect and admiration from associates and observers, and to create a wholesome emulation.

So numerous have the vocations of the graduate been that her influence has penetrated all sorts of conditions. In none has it been more uniquely felt than in the settlement work. The forces for right living and right thinking generated in the poor neighborhoods in which these settlements are located have become factors in modern civilization.

But the graduate does not confine her influences to life among her less prosperous neighbors; she shines equally in the social environment, wherever it may be, in which her own life has been placed.

Laundering Heavy Table Cloths.

The heavy linen dinner cloth should never be permitted to go through the wringer, unless the pressure is very slight. Wringing it through the wringer under great pressure makes wrinkles in the cloth which will not iron out. Wring all table linen by hand. Rinse in warm, slightly blued water. Shake thoroughly, fold right side by side out lengthwise of the cloth down the center, fold again lengthwise and roll securely in a towel, and allow to stand one hour. Iron folded double until perfectly dry, alternating the sides. Fold each selvage back even with the center and crease with the iron, thus making three parallel lines down the cloth. Roll loosely on a tubular shape; this does away with cross lines. Heavy linen needs no starch when laundered as above.

Soft Silk and Lace Ties.

The early spring ties for street wear, or for a gown where just a touch of lace is needed to give a touch of softness, are made of liberty silk, taffeta, or any soft surah silk that will be prettily, using lace butterflies, bow knots, or any small design, appliqued to the ends, as demonstrated here, says a writer in the Pilgrim. Point, Honiton or a fine Battenberg are all attractive. Plain Valenciennes stitches form a solid background. The double hem is joined to the tie by using the fagot stitch, so popular and fashionable now, which after all is a variation of the old-fashioned cat stitch, from which the Russian cross lace stitch is derived.

Honiton and Point braids combine prettily and daintily for a handkerchief design, using a Point braid of open lace mesh for the wings of the butterflies, two sizes of open-work Honiton braid for the bodies, with baby Honiton braid for the main portion of the pattern. A new stitch to Pilgrim readers is given in the upper wings. Five threads diverge from the body of the fly spaced regularly; returning threads cross these threads three times, taking a tiny buttonhole stitch on the lengthwise threads to hold them in place. The daintiest and sheerest of fine linen or batiste forms the motif, and is delicately joined to the border with the butterfly wings, the antennae or feelers being finely embroidered on the linen when completed.

Dainty and very dressy ties are made of chiffon or mousseline de soie, the edges finely feathered in silk with a border of silk braids.

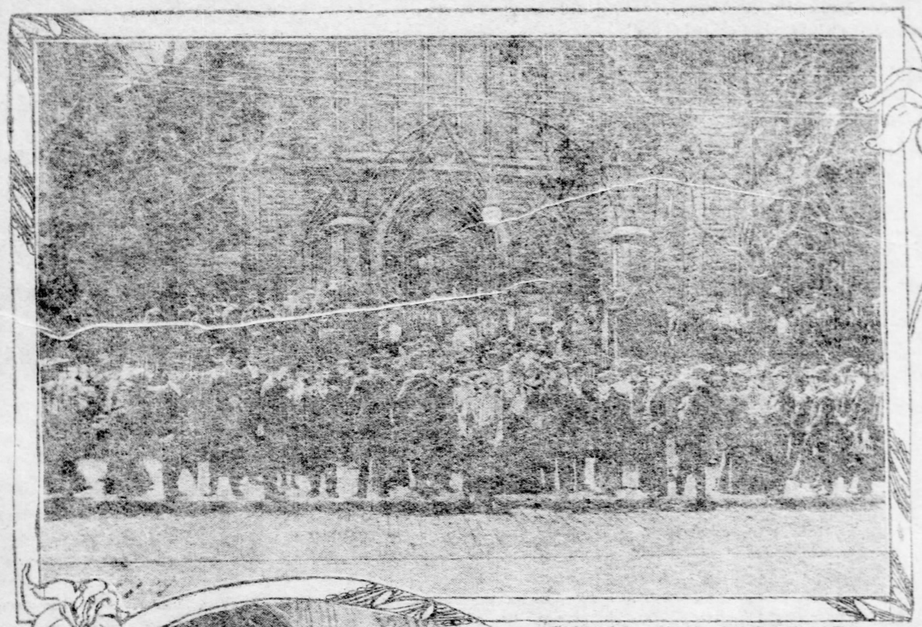
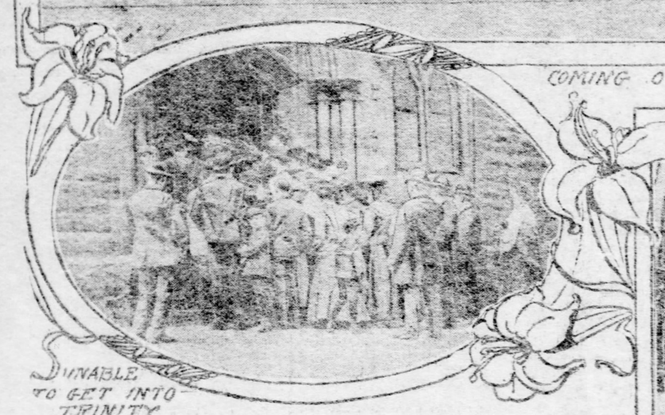
SCENES IN PITTSBURGH ON EASTER BEFORE THE RAIN BEGAN TO FALL.



COMING OUT OF TRINITY



UNABLE TO GET INTO TRINITY

GOING TO MASS AT THE CATHEDRAL

NEW EASTER FINERY

GLORIOUS EASTER MORN FILLED HEARTS WITH JOY

Handsomely-Attired Women and Well-Groomed Men Made Up Pittsburgh's Finest Parade. Showers Damaged Some Costumes.

Easter Sunday dawned bright and clear, with light winds and mild air. Such a day had not been enjoyed in Pittsburgh before this year; such an Easter had not visited Pittsburgh for many years. Early in the morning crowds bedecked in their new garments thronged the streets. Women whose new hats and new gowns had seemingly been eager to show themselves for the past few days burst forth in all their glory yesterday.

The men too were not far behind in their glad raiment. New suits of light material and light, thin overcoats were seen along the many promenades. Schenley and Highland parks were thronged with happy people all morning. Little children capered about their parents as they too made their annual Easter showing. The churches received their fair portion of the many people who were out.

In most of the churches throngs were turned away. These sought other nearby churches, but were met with the same conditions. All the churches were comfortably filled, for there are many who would not miss church on Easter Sunday for all the new clothes in the world. Others too would not miss the services for purely religious reasons. These two kinds of people and those who go to church to hear sacred music, and those who go to hear strong sermons preached, all turned out in glad array.

Never before in the history of Pittsburgh, it is safe to say, were so many people parading on an Eastern Sunday, or any other day, as were out yesterday. Street cars which usually of a Sunday contain one or two vacant seats were filled yesterday. In fact, many of the cars reminded one of the rush hours of a weekday night so crowded were they.

But happy moments, whether well planned or not, soon pass. So it was yesterday. Toward 3 o'clock in the afternoon a typical April shower began, and the rain poured in torrents. Downtown vestibules were crowded and in the parks trees were found to be good shelter. Then the sun came out and dried the rain and the people resumed their promenade.

Throughout the entire afternoon, however, intermittent showers burst forth, and they came so suddenly that many persons were drenched. After each shower the sun would shine brightly once more. The treacherous weather in the afternoon caused some discomfort and, taken all in all, Easter morning was more thoroughly enjoyed than any other portion of the day.

A feature of the Eastertide is the visiting and decorating of graves. Fond relatives and friends of the departed yesterday visited the cemeteries and placed fresh flowers on the resting places of those who have gone before. Throughout the day and despite the showers many cemeteries were visited and garlands of flowers left upon the graves.

THOUSANDS SAW EASTER LILIES

People Held Sweet Communion With Nature at the Phipps Conservatories.

THE POLICE NOT NEEDED

The Schenley Park Flower Show Voted the Best That Pittsburgh Has Ever Had—Attendance Was Estimated at 20,000.

Between refreshing showers the sun beamed out in radiance yesterday afternoon and 5,000 people stood patiently in line before the Phipps conservatories in Schenley park. The gorgeous Easter display had delighted 10,000 visitors through the morning hours, and the evening rush promised to be still greater.

Superintendent of Police John P. McTighe drove up in his buggy, surveyed the long line of visitors that stood waiting before the big glass palace and remarked to Supt. William Falconer of the conservatory:

"Such a crowd I have never seen. You are a little shy of park policemen. Shall I not detail some special officers to——?"

"Not no!" interposed the gentle-hearted superintendent of the flower house. "We want no policemen here. The people are coming in reverence to commune with nature and there is not the slightest indication of disorder or impatience. Lovers of flowers need no police to guard them, superintendent."

There was not an officer in sight, and throughout the day the people marshaled themselves into line, walked through the long avenues of flowers and passed out of the regular exit in the most orderly manner.

FLOWER LOVERS ARE GENTLE.

Supt. Falconer emphasized the fact that his visitors belonged to a class that possessed the true spirit of gentleness, and declared that no matter how rough might appear his exterior, the man who loves flowers possesses inbred refinement.

The spring crowds at the Phipps conservatories are not regarded as fashionable Easter promenaders. Much ado has been made of the beauty and lavish elegance on view at Schenley park on Eastern morn, but the people who attended the fairyland of flowers yesterday, as in former years, do not belong to the class that is included as the devotees of fashion and splendor. New gowns were worn by the majority of women, and many of them affected creations of beauty, and every head was adorned by new spring millinery, but the wearers were not there on parade.

"The people are coming to breathe the fragrance of the flowers and to participate in the resurrection as it is typified in nature," said Supt. Falconer. "They come here with a feeling of reverence that is not expected by those who have not learned to heed the gentle messages that old mother earth sends to us. Some of the visitors today have little of this world's goods, but do you mark the kindliness in their faces?"

CHRISTIANITY IN FLOWER BEDS.

"An institution of any other sort does not draw just this element of our people. There is more true Christianity in the flower beds than some good church men think. The people who are admiring the blossoms today receive the full measure of the Saviour's injunction to 'consider the lilies of the fields.'"

Supt. Falconer is so skillful in diversifying his effects that he manages to impart novel features to every Easter show that each appears to excel its predecessors. The one opened to the public yesterday thus appears to be the finest exhibition ever given. A feature which strikes visitors as a novelty is the grand clumps of lavender blooms of the Chinese wistaria. As a matter of fact it has been shown before, in isolated specimens, but this year the number forced into bloom is so large as to arrest the attention.

Another effect of novelty is produced by great masses of "bleeding hearts" in luxuriant bloom. They have appeared in every Easter flower show, but never before in such masses.

A regular stand-by, the sweet scented night blooming nicotiana, is utilized to great advantage as a central embankment of blooms. The white blooms and spreading foliage contrast well with other flowers, and some fine mass effects are obtained in this way. In the hardy flower garden an unusually large quantity of trilliums catch the eye, and some particularly fine specimens of the blue Rocky mountain columbine excite notice by their rare beauty.

GREAT MASSES OF COLOR.

The great color masses of cineraria, calceolaria, azaleas, rhododendrons, genista, tulips and hyacinths are as gorgeous as ever, and are embellished by novel adjuncts, among which white dahlias, Siberian lilies, Siberian peonies and English wall flowers are particularly noticeable. The general display of peonies is remarkably large and fine, and their opulent blooms contribute greatly to the effect.

The rose room is a bower of delight. The cool fragrance here is gratifying in contrast with the rather cloying sweetness of the bulb houses, and the color effects are ravishing in their loveliness.

Arranged to striking advantage in the various rooms are masses of lilies, hydrangeas, and cannas. Crimson ramblers are effectively employed in many places where vivid color is desired, and clumps of sweet peas in bloom, or of nasturtiums are introduced here and there. The exhibition is wonderful in the amount and variety of bloom, and the effect is immensely enhanced by effective contrasts and skillful arrangement.

The number of visitors was estimated at 20,000 for the day. When the doors of the green house were opened at 7 o'clock in the morning a number of residents from the Oakland districts were admitted to see the display, many of them having gone to the conservatory before breakfast for a morning "constitutional." During the afternoon the people filed through the building at the rate of 2,000 an hour until the downpour of rain at 5 o'clock drove the late comers to shelter.

BEAUTIFUL EASTER MUSIC IN CHURCHES

Shelley's Cantata, "Death and Life," Was Rendered in Two Churches--Singers at the Religious Services in the Jail.

Music, forming as it does one of the salient features of the Easter celebration, was conspicuous in the church services yesterday. In the ritualistic churches, the Roman Catholic and the Protestant Episcopal, sacred music and masses were rendered by full vested choirs. In all the churches excellent programs wer carried out by choirs, quartets or soloists.

One of the main features of the Easter music in this city was the rendition of Harry Rowe Shelley's cantata, "Death and Life," at the East Liberty Presbyterian church last night and at Christ Methodist Episcopal church yesterday afternoon. The cantata was rendered by the combined choirs of both churches under the direction of James Stephen Martin.

The cantata was first rendered at Christ church at the initial vesper service held by that congregation. The edifice was crowded. The opening prayer was offered by the Rev. Dr. Thomas N. Boyle, presiding elder of the Pittsburgh district. Mr. Martin sang in good voice as an offertory, "I Know That My Redeemer Liveth." The pastor of the congregation, the Rev. Dr. Dorchester, Jr., followed with a brief discourse on "Death and Life."

In the cantata the solo parts were given to Mrs. J. S. Martin, soprano; Miss Genevieve Wheat, contralto; Edward Vaughan, tenor, and J. Gordon Jones, bass. Sydney Trick at the organ and H. J. White with a 'cello formed the accompaniment. The cantata opened with a chorus of 40 voices singing "Hail to Thee, All Hail." The singing of the piece was strong and full of feeling throughout.

At the conclusion of the services the Rev. Mr. Dorchester stated that the vesper services would be continued indefinitely and that efforts would be made to make them attractive and helpful.

At St. Paul's cathedral, pontifical high mass was sung at 10:30 o'clock, Bishop Phelan being the celebrant. Several of the musical numbers rendered were new in Pittsburgh, notably M. Filke's "Missa Solemnis" in F, and the offertory, "Terra Tremuit," by the Rev. M. Halter. These were rendered by the boy choir. Pontifical vespers were conducted at 7:30 o'clock.

In the Protestant Episcopal Church of the Ascension a magnificent musical program, under the direction of Edward J. Napier, the organist and choirmaster was rendered. J. Christopher Marks conducted a fine program at St. Andrew's Episcopal church and the music at Trinity, Sixth avenue, was under the direction of Walter M. Hall.

Religious services were held in the county jail yesterday for the first time in a month. James R. Reed of the County Prison association secured a dozen men and women singers for the occasion and the service consisted entirely of music. Among the singers was Miss McAllister, soprano, of St. Peter's Roman Catholic church, Allegheny.

THE FLORIST INDULGES IN EASTERTIDE PHILOSOPHY

"Do you know that if you would take all the spring blooming flowers that have been handled in Greater Pittsburgh during this Eastertide that you would have enough floral decorations to line the Pennsylvania railroad on both sides of the tracks from here clear to Philadelphia?" said a local florist yesterday afternoon.

"That may sound like exaggeration, but it is true. People can understand figures better when they are aptly illustrated, and the number of orders that have come to Pittsburgh flower dealers indicates this unprecedented rush. It is pretty safe to say that there was not a religious service held by any Christian denomination at which the chaste white lily was not upon the altar. This introduction of flowers at the Easter service is of comparative recent date, except among the Roman Catholics and Episcopalians, but now the demand for flowers indicates that all creeds are being taught to discern the immortal message that is brought by the flowers.

"Memorial day used to be looked upon by Pittsburgh florists as the best sales season of the year, but Easter now eclipses all the days of the year, if the financial return is to be considered. This means that Easter is more generally observed—in a word, that Pittsburgh is rapidly taking on metropolitan manners. It's only in the provincial districts that the tailor and the milliner take all the spring shoppers' money."

MADE EASTER EGGS AND CLEARED NEAT SUM

READING, PA., April 12.—(Special.)—In order to raise money for the church debt the members of the Women's Aid society of Covenant Methodist Episcopal church during the past week have been engaged in making chocolate eggs in the basement of the church. They decorated them to order and turned out over a ton of them. The sum of $250 was realized clear of all expenses.

Lively Family Jar.

Daniel Manning, 28 years old, of Greensburg, was arrested yesterday forenoon at the home of his parents, No. 4809 Hatfield street, Officer Bernard Ward was attracted to the house by screams and found Manning raving around the room with his hand bleeding profusely. When taken to the station it was necessary to call Dr. A. E. McCandless to sew up his wound. Manning told the police officials that his father and mother were fighting and in an attempt to stop the fight he fell and cut himself.

Shot at a Wabash Camp.

Daniel Palerley, a young boy living in Rootcon street, was accidentally shot yesterday at the Wabash camp on Mt. Washington. A negro was using a 32 Bert rifle a bullet from which struck the boy under the right eye, inflicting a slight flesh wound.

BADE FAREWELL TO OLD CHURCH

Last Services in First Presbyterian Building, Which Will Be Torn Down.

LARGE CROWD PRESENT

The Rev. Maitland Alexander Preached from a Bower of Flowers — Old-Timers Left Place With Many Regrets.

Members of the congregation and friends last night bade farewell to the First Presbyterian church building, Wood street, near Sixth avenue. This was the concluding service in the old church, which will be immediately torn down to make way for an office building. At both the services yesterday every conceivable inch of room in the spacious auditorium was taken up by the crowd.

The church was profusely decorated with palms, lilacs and Easter lilies. The pulpit was one huge garland of flowers and plants, and the pastor of the church, the Rev. Maitland Alexander, preached sermons both morning and evening from the center of the magnificent decorations.

At the last service chairs were placed two abreast down the aisles and at the front and back. Extra chairs were placed in the gallery. Every pew was crowded, every chair taken, and hosts of persons stood up at the front and back of the church and in the gallery. Hundreds of others came to the door of the auditorium, and, as there was no room inside, were forced to leave.

Dr. Alexander's last sermon in the old building was on "Experimental Religion." He dwelt upon the stability of the Christian religion and spoke of the short careers of religions that spring up over night, with which persons have experimented. His argument tended to show that the Christian religion, which has come down through the ages, has more strength and power than any other known religion. Then Dr. Alexander spoke of the last services in the old edifice and said:

"We worship to-night for the last time in a church that has sheltered us and our forbears for many years. She has stood us well. Soon this edifice will be a mass of ruins and after that an office building. Our new church, however, will be a magnificent one and a credit to the congregation and a credit to Pittsburgh. In the meantime we will worship until July 1 in the Alvin theater. After that we will occupy the old Third Presbyterian church building."

At the services last night a number of aged members of the congregation were present. They took their farewell to the old edifice with deep regret, as many had been members of the church for the last half century. At the conclusion of the services the crowd lingered long within the walls of the church. Little groups formed and stories of the church's early days were told. The church was not darkened for some time after the services were ended.

EASTER EGGS IN HOSPITAL.

Given to the Little Ones Quarantined—Two Deaths in the Institution.

A basket of gaily-colored Easter eggs was sent to the Monlenal hospital early yesterday morning by Mrs. Frank Smith of Francis street and Bedford avenue, who requested Supt. John Chalmers to distribute them to the little children who are quarantined there on account of smallpox. There are 25 tots there ranging from 1 to 6 years and there was more than enough eggs to go 'round.

Two deaths occurred yesterday at the hospital. Edward Higgins, 27 years old, who had been living roomin in West Elizabeth, but whose family live in Oil City, where word was sent, and William Fisher, 28 years old, of 120 Shetland avenue. Higgins had been sick nine days and Fisher ten days.

New cases of the disease discovered yesterday were: Louise Myers, 50 years old, of No. 86 Lowry street; Eugene Boyle, 37 years old, of No. 81 Forty-third street; Daniel Rutherford, 50 years old, of No. 209 Forty street, and Charles McDonald, 35 years old, who went to the safety building and asked to be sent to the hospital. He said his home was in New York but that he had not been home for 14 years. He only came to this city on Saturday and slept at the Hope mission, in Liberty street.

WHITE HOUSE EASTER.

Roosevelt Children Receive Many Gifts of Eggs, Cards and Other Novelties.

WASHINGTON, April 12.—(Special.)—Easter at the White House was spent much the same as any other Sunday. Mrs. Roosevelt attended the early service at St. John's church, thus disappointing many of those who expected to see her at the later service, which, however, was attended by Miss Alice Roosevelt, accompanied by her aunt, Mrs. William S. Cowles.

The younger Roosevelt children remained at home after receiving and admiring countless Easter eggs, cards and other remembrances of the day that arrived to gladden their hearts. Theodore, Jr., and Kermit were not at home with the family, as their spring vacation is over.

In the afternoon Mrs. Roosevelt and Mrs. Cowles went for a drive along the country roads around the capital, which are now so beautiful in their spring verdure.

Miss Alice Roosevelt, with some of her girl friends, joined the festive throng that paraded Connecticut avenue and the other gay thoroughfares of the city. A family dinner party finished Easter day for the first lady of the land and her children.

SNOW IN LONDON.

Easter Sunday Cold and Disagreeable—Smart Set Neglects Hyde Park.

LONDON, April 12.—(Special Cable.)—Though Easter has fallen late this year, when one might have expected mild weather after the geniality of the past week, Easter Sunday has been chilly and the sky for the greater part of the day was overcast, with occasional blinks of sunshine. All day wind blew strangely cold for this period of the year.

Indeed, London was surprised this afternoon by a fall of snow. At 3:40 o'clock there came a smart fall of snow, which lasted for little more than a minute, but during the time the air was full of flakes.

Hyde Park, where one expects to see every Sunday the usual church parade of the smart set, presented a very different spectacle from what one generally sees. Never, perhaps, has there been such an Easter Sunday at Hyde Park. Instead of aristocratic carriages, with smart-liveried coachmen and footmen, and automobiles, the park was entirely taken possession of by Whitechapel and East Enders.

Holiday for Railroad Men.

OIL CITY, PA., April 12.—(Special.)—In order to give its employes an opportunity to enjoy an Easter holiday the Pennsylvania Railroad Company annulled all trains today, with the exception of the Pittsburgh & Buffalo express and mail trains, and from midnight Saturday until 5 o'clock this afternoon not a wheel was turned on either the Chautauqua, Allegheny & Buffalo, or river divisions of the systems, or in the yards here. The order was unprecedented in the history of railroading in this section.

DOWNPOUR SPOILS BOARDWALK SHOW

Visitors to Atlantic City Kept Indoors by Continuous Storm.

LANDLORDS MAKE HAY

But Proprietors of Other Attractions Bemoan Heavy Losses. Band Concerts on the Ocean Piers Tempted Some.

THE PITTSBURGH GAZETTE BUREAU,
TOLAND'S PIER.
ATLANTIC CITY, N. J., April 12.

There was no Easter parade on the boardwalk to-day. A southeast storm came up during last night, and all day long there was a downpour of rain which kept most of the throng in the corridors and exchanges of the hotels. Those who did venture out under umbrellas crowded into the piers as thickly as peas in a pod and listened to the band concerts. To-night, when there is no chance to display Easter finery the sky is clear and the stars shining brightly.

The rain to-day was almost a national calamity, for there were crowds here from all over the country ready to join the procession. The business men on the boardwalk who had offered up incense to the weather gods for a clear sky are disconsolate over their losses, while on the other hand the hotelkeepers, cafe proprietors and the managers of piers are extremely happy. The rain benefited them all.

The boardwalk is the pulse of Atlantic City. By its appearance one can always tell just how full the town is of visitors. If the weather is good every arrival makes a new line for the esplanade, if it is raining they keep a weather eye on the clouds, and when it is clear there is a rush seawards. A woman stays on the esplanade just as long as she can, for there is no better place in the world to show fine feathers or for a promenade. Perfume the men must be there. This of course obtains in clear weather. There is no more dreary place when it rains. To-night it is crowded, and one can get a fair idea of the splendor that would have marked the parade. To-night the esplanade took on the appearance of a midsummer night's throng.

The hotels were booked so solidly that they could not have afforded shelter for more visitors. All of the summer makeshifts were brought out, and they were used last night. A fair idea of the number of arrivals can be formed from the fact that since Friday morning over 35,000 pieces of baggage have been brought in by the railroads. When it is considered that for a short stay one trunk does for a whole family and that a majority of people carry their baggage for a three-day stay in a dress suit case, these figures are enormous.

ATTRACTIONS ON THE PIER.

The star attraction on the pier this week will be Dezso Nemes, the Hungarian violinist, and his wife, Mitzia Nemes, a pianist. They will give two joint performances on Thursday and Friday morning. It will be strictly a society affair, and a reception has been arranged for them at the Isleworth by Mrs. H. Cutting of New York. Interest in their appearance here is heightened by the announcement that John Philip Sousa's book, "The Fifth String," will be dramatized by Clyde Fitch, and they will tour in it next winter. In the book it will be remembered the hero is a celebrated violinist who wanted to marry a millionaire's daughter. He was refused, and heartbroke he was only a poor violinist and his Satanic Majesty put a fifth string on his violin, which enabled him to play such sweet music that the millionaire's heart was touched and he got the girl. These two melodies seem to fit into the plot. The order for the demonstration was handed to Mr. Fitch here yesterday.

MRS. RIDDLE'S PROSPECTS.

Mrs. Drexel Biddle of Philadelphia, who is here, has been credited to-day by her luck before the footlights. Mrs. Biddle has had quite a varied career, socially and professionally. Her former effort in the dramatic profession, after her divorce from an officer in the United States navy, lasted three weeks, after which she received a salary of $1,000 a week to appear in vaudeville. In an interview to-day Mrs. Biddle said:

"I have not decided whether I shall appear this time in musical comedy or a dramatic production. My last experiment cost me with 'Madame Sherry,' which was written for Bernhardt, $7,000 before the curtain rose on the initial production, and I only lasted three weeks. I was not capable of the part. I shall have Clyde Fitch write a play for me or revive 'The Marriage Game,' which I am trying to secure from Miss Sadie Martinot. I want a play consisting a story of a woman with a past, and I think Clyde Fitch can write something in that line for me. I have interested William Thaw, a Pittsburgh millionaire, in this venture. He is a cousin of Miss Thaw, who will marry the Earl of Yarmouth. In Pittsburgh a short time ago I had a talk with him about my tour, which will begin during the early fall."

PITTSBURGHERS ON THE BOARDWALK.

Among the Pittsburghers recognized on the boardwalk today were the following:

Squeezed by an Elevator.

Albert Tyler, a negro employed at the Hotel Anderson, was caught and badly squeezed in the elevator there yesterday morning. It required some time to extricate him, after which he was sent to the Homeopathic hospital. It was found there that his legs were badly bruised from the ribs down, but no bones were broken. His home is in Fulton street.

TURNERS ARE GRATEFUL TO HENRY PHIPPS, JR.

Delegates representing 120 Turners' organizations in and about Pittsburgh yesterday unanimously adopted the following resolutions offered by Henry C. Bloedel of Allegheny:

Resolved, That we express to Mr. Henry Phipps, Jr., our hearty appreciation and sincere gratitude for espousing the cause of physical culture, in deed as in, and one for which we have contended over since the founding of our organization more than half a century ago, and by donating a well-equipped gymnasium for the use of the public of the Fifteenth ward in Allegheny he has rendered an invaluable service to this community, having initiated a movement fraught with untold blessings to the rising generation. It should be the concern of all local citizens to have the laudable example set by Mr. Phipps followed in every school precinct, so that physical culture may become a vital and potent factor in our public education.

The convention was held in Turners hall, Troy Hill. The following officers were elected for the ensuing year: President, Ernest Lenz; vice president, Julius Wild; secretary, Fritz Elbert; assistant secretary, August Sauer. Henry C. Bloedel was appointed chairman of the committee on questions referring to the National Turners association and the Pittsburgh branch; Constantin Conrad, chairman of the committee on gymnastic societies; August Bueschkitz, chairman of the committee on literary and educational questions.

A committee was appointed to arrange for the biennial convention of the North American Gymnastic union, which will be held in Pittsburgh in June, 1904.

It was decided that the next county or Turnfest of the Pittsburgh district will be held at Beaver Falls June 21 and 22.

The next annual convention of the Turners societies of Pittsburgh and vicinity will be held in Jeannette on the second Sunday of April, 1904.

PITTSBURGH IS LUCKY TO WIN FROM COLUMBUS TEAM

HARD PRESSED BY COLUMBUS

The Champions Are Outplayed but Manage to Win.

THE SCORE IS 4 TO 3

[Special Telegram to The Gazette.]

COLUMBUS, O., April 12.—Before a crowd of over 6,000 spectators, the Pittsburghers won the first of the series of three games with the Columbus team today 4 to 3.

The exhibition was played in a sea of mud, a furious rainstorm having passed over the city at noon, and the game, while far from being a clever contest, was thoroughly enjoyed by the big Sunday crowd.

The Pirates were outbatted and outfielded and they owe their victory to the attempt of Pitcher Wolff to field hard hit balls that could have been handled with ease at shortstop and second base.

In the sixth and seventh innings the score was tied by hits caroming off his glove hand, and in the eighth his base on balls to Wagner proved exceedingly costly, as the Carnegie man went to second on the fourth ball, which was extremely wild.

Wolff was greatly handicapped in fielding his position by the soft infield. In fact, the work of both teams was greatly affected, and no criticism can be rightly made of any misplay.

VEIL PITCHES WELL.

Capt. Clarke used Veil and Merritt in the box, and the form of the Altoona twirler is the best he has exhibited on the training trip. He made a bad start, giving a base on balls and making a wild pitch in the first inning, but thereafter he steadied down. His wildness was responsible for the only run secured by Columbus during his stay in the box.

In the second inning he struck out two men, the fourth batter of the Columbus team was retired in order. In the fifth, with two men on bases and only one out, he worked himself out of a bad hole by striking out the fourth batter and secured the third out of the inning on a fielder's assist to Wagner. In the five innings only two hits were made by Columbus.

Merritt finished the game. He was hit rather hard in the sixth and eighth innings, but was steady at critical stages.

The Pirates' runs were distributed through as many innings. The hitting was opportune enough to win the game, but several additional hits would have aided greatly in the run getting, two men being left on bases in the fifth inning and three in the seventh.

In the first three innings they went out on easy chances, and first blood was drawn in the fourth. Beaumont placed a pretty bunt along the third base line. Clarke fled out to Eidwell. The signal for hit-and-run was given Leach and he placed a slow one in front of Wagner. The pitcher threw to second, but Beaumont beat out the throw. Wagner's hit filled the bases.

Ritchie started the fifth with a single over second and was sent to second by Smith's sacrifice. Merritt was hit. Beaumont knocked up a short fly back of first. It was caught by Williams and a double play at first was completed. Merritt thinking the hit would fall safe.

Clarke doubled in the next inning, went to third on Leach's sacrifice and scored on Wagner's hit to Wolff.

In the seventh Ritchie was hit by a pitched ball. Smith reached first on Miller's error. Merritt's hit was caught. With three on bases Beaumont bunted and Ritchie was caught at the plate. Clarke's drive could not be handled by Wolff, and Leach scored. Leach ended the inning by striking out.

WAGNER SCORES DECIDING RUN.

Foreman's judgments in calling the Pirate out was greatly criticised. The winning run was scored in the eighth, when Wagner went to second on the fourth ball. Bransfield sent him to third with a hit to Bannon, and he scored on Sebring's hit to right.

For Columbus, Clingman scored in the first inning on his base on balls, a wild pitch and Mellor's single to right. Three hits scored the second run in the sixth. After two were out in the eighth Cristall doubled. Eidwell singled to left. Veil's throw to the plate to catch Cristall was lost in the mire in the batsmen's box at the plate by Smith.

Wagner's throw to first to catch Wolff in the seventh was a brilliant effort. The ball was hit to his right, and Hans handled it nicely, but in attempting to get the ball to Bransfield he fell on his back. He tried the throw, nevertheless, the ball being beaten out by a single step.

Fifteen Turfmen Donate to Twentieth Renewal of Charter Oak $10,000 Stake.

HARTFORD, CONN., April 12.—Entries in stakes to be raced by the Charter Oak park grand circuit meeting of September 7 to 12 next have been given out by Secretary Horace Wilson. Fifteen have subscribed to the twentieth renewal of the famous Charter Oak stake of $10,000, as follows: R. C. Benson, Kansas City; S. T. Deridder, Louisville; Ed G. Gears, Memphis; James Hanley, Providence; N. W. Hubinger, New Haven, Conn.; S. B. Kitchell, Coldwater, Mich.; M. Salisbury, Pleasanton, Cal.; Georges Tod Youngstown, O.; Walnut Hall farm, Donerail, Ky., and James Butler, John J. O'Connell, F. G. Schmidt, C. F. Simmons, T. P. Sturgis and E. E. Smathers, all of New York.

The starters will not be named until August 24, but the candidates probably will include Baron Dunlap, 2:08¾; Idolite, 2:09¼; Ethel Downs, 2:09¼; Eleata, 2:08¾; Beldia, 2:09¼; Wentworth, 2:09¼; Metallus, 2:11; Maxine, 2:08¾; The Roman, 2:09¾; Walnut Hall, 2:09¾; Lord Vincent, 2:08¾, and Dan Wilkes, 2:06½.

The other four events have received good support. While the entries are numerically lighter than last year, the quality is high. Only the cream of the strongest stables is named and many highly tried horses are in the lists.

The Capital City, $3,000, for 2:19 trotters, has 14 entries, while the Old Colony, for 2:20 trotters; the Nutmeg, for 2:09 pacers, and the Connecticut, for 2:30 pacers, each received 13 entries.

Zang and Kid Tyler.

One week from tomorrow night Eddie Zang and Kid Tyler will meet for the bantam weight championship of Western Pennsylvania. It will be the first real match Zang has taken part in for a long time and the people here are more than anxious to see the boy who beat McCloskey out in two rounds. He has grown heavier since then and is a much improved fighter in every way.

STUDENTS WITH MUSIC WILL MARCH TO PARK

W. U. P. Undergraduates Will Turn Out to See Their Nine Play U. of P. Today.

Unless the weather man breaks loose with another rain the University of Pennsylvania and Western University of Pennsylvania nines will meet this afternoon at Exposition park in the first baseball game ever played between these institutions. It will also be the first time University of Pennsylvania has ever played a baseball game in Pittsburgh.

The Quakers, under Capt. Walter Orbin the famous Pittsburgh boy, will reach this city this morning and be quartered at the Monongahela house. A very large crowd of students is expected to turn out at the game. The dental and medical departments of the Western university will march to the park in full force, each department having a brass band at the head of its column.

The game will be called promptly at 3:30. The teams will bat as follows: U. of P.—Swain, middle; Rubin, short; Welder, rf; Gladfelter, first; Cariss, catcher; Stites, second; DeLisle, left; Buckwalter, third; Devlin or Groves pitcher.

W. U. P.—Soffel, third; Irwin, middle; Kommer, pitcher; DeMoss, short; McKenna, first; Ramsay, second; Kerr, catcher; McMurray, left; Mason, right.

SOFFEL'S SORE ARM.

"You have often heard of players throwing the ball out of the field, but very few times have you seen it done," said "Hump" Soffel, the old Pittsburgh High school captain now playing third on the W. U. P. team, Saturday. "One day last summer I was playing third for Ed Hickey at Millvale. Sharon was our opponents. A few days previous to this game I was foolish enough to get in and pitch for a team on a picnic in Mt. Washington. Well, I had a sore arm and could hardly get the ball across the diamond.

"We had the game safe in the eighth inning, when I took a grounder and let drive the ball to Nick Clouse, who was playing the first bag. Clouse managed to touch the ball with his big catcher's mitt as it was traveling. The ball did not stop, but continued on its course. It struck the left fence and was never found. That Millvale crowd did not do a thing to me."

LATEST FROM LOCAL PLAYERS.

Pitcher Jim Pastorius, the local youngster who went to Albany last spring and made good, may be traded to Schenectady, also of the New York State league. The reason for his let out is the fact that Albany has too many pitchers. Arthur Goodwin of Connellsville is one of the slabmen. Charlie Hastings, a former Pirate, was signed recently.

Jim Ganier, the hard-hitting Waynesburg college shortstop, with Homestead the latter part of last season, is to play second for Albany.

Bill Marshall, the old Homestead catcher, and Lee Fohl of the Junctions, who are to do the catching for Des Moines, are well thought of by Manager Joe Quinn and the scribes there. One writer said of the local pair:

"Behind the bat are Marshall and Fohl. These men are new, but in practice it appears that no club in the league will have anything on us this year. Both have fine throwing arms and both are good stickers, something we have not had in years. They fully come up to expectations and the fans are resting easy. Joss Clarke, another former Homesteadite, is playing middle field and Cushman, the local pitcher is also on the team.

Alex Pearson, the Rochester pitcher, who went from Homestead last summer to the St. Louis Nationals, has reported at Toronto in the shape, and is doing well in the practice games.

Pitcher Harry Stauffer of Allegheny and Third Baseman Alperman of Millvale, were on the Davenport I. I. league team, that was beaten by the Chicago Nationals Saturday, at Davenport, 5 to 0. Alperman had five assists. Davenport has many men to pick its team from but both the local boys are sure of their jobs.

WEATHER FLUKE BLAMED.

Shamrock I.'s Victory Over the Challenger Was Not a True One According to Experts.

WEYMOUTH, April 12.—There is an agreement of opinion that the defeat of the challenger by Shamrock I. on time allowance yesterday was entirely due to a weather fluke and gives no reason for reducing the handicap. The same conditions, therefore, will probably govern tomorrow's race unless the race is light, when the time allowance to the ex-challenger may be increased.

Col. Nelli, a leading Clyde amateur yachtsman, who was aboard Shamrock I., said today: "The challenger made an absolute exhibition of us on the first round. A weather fluke gave us the race. I am convinced that there is no weather that any time the wind is from Shamrock I. can hold the challenger."

Designer Fife arrived here today to see tomorrow's racing. He declined to be drawn as to his opinion whether yesterday's performance was good enough for him. He replied that he would rather see the challenger win by half an hour, but it could easily be seen from his genial and pleasant manner that he was well satisfied with the course of events.

W. U. P. TO SEND RELAY TEAM EAST

Will Compete in U. of P. Games on Franklin Field.

WESTERN RUNNERS

The Western University of Pennsylvania will be represented at the intercollegiate meet to be held by the University of Pennsylvania at Franklin field, Philadelphia, April 25, with a relay team. Several years ago W. U. of P. entered a relay team in a similar event held by U. of P., and sprung a big surprise by winning the race.

The showing of W. U. P. in the intercollegiate field and track meet of the colleges of Western Pennsylvania last Decoration day inspired the local athletes with confidence, and if enthusiasm counts for much they will be well up in the lead at the finish of the U. of P. meet.

The candidates for the team are under the instructions of Coach Cowell, a former Bucknell and Columbia athlete. Coach Cowell has the men out daily on the unfavorable. The men showing the best form and those who will likely be picked to represent W. U. P. are Capt. Stroud, Askins, Junkin, Davis, Wagner, Worcester, Clarke and Kennedy.

It will be the first company that W. U. P. will be in when it competes at Philadelphia. Besides the best of the east, three western university four-mile relay teams and possibly a fourth will be entered. Michigan, Wisconsin and Chicago have decided to be represented, and Tinnior Conibear of Illinois may send his four fastest distance runners.

It is said that there never was a time in the history of western intercollegiate athletics when there were so many fast mile runners.

At the first three institutions named the distance men are all being trained hard, and the work of selecting and working up the various relay teams is progressing rapidly. Whatever kind of teams the east will enter, the competition between the western teams will be of great interest.

At Michigan, Trainer Keene Fitzpatrick probably has the fastest group of distance runners. Heading his list is the wonderful runner, Kellogg, who recently broke the western record in the remarkable time of 4:30 2-5 against a fast runner, Clapp from Illinois. The other Morgan memorial Hall, who has twice scored in the big college meet; Perry, who landed second in the two-mile at the conference meet last year, and Conger, a former "M" man, who has returned to the Ann Arbor university and may compete.

At Wisconsin, Kilpatrick, an old runner himself, has always maintained a reputation for developing a big string of big-distance men. Although Fred Hall of Chicago has them all this winter, Wisconsin is conceded to have numbers, and a large number of men of quality is needed for a relay team.

Chicago never had material for a four-mile team before, always sending quarter-milers.

Fred Hall, the freshman whose mile in 4:36 set a new record for Kellogg of Michigan to break, heads the list. Eli Gale, the former Illinois runner, made a strong bid for a place on the team Saturday morning by running a mile in 4:42 2-5. Cahill, who has not been defeated in the half-mile in all the winter meets, is running in 4:32 2-5.

STILL A SENATOR.

Delahanty to Return the $4,000 to Muggsy McGraw.

WASHINGTON, April 12.—(Special.)—Ned Delahanty, the giant batsman of the baseball world, will not play with the New York National league team this season. At a late hour last night Delahanty concluded negotiations by which he expects to return to the New York club the $4,000 advance money he obtained from McGraw. Then the latter induced him to rush his contract with the Washington club, after he had drawn $1,000 advance money from the Washington management on the strength of a three-years' contract with that club.

The Delahanty case is one of the most noted instances of contract-jumping known to the national game, not only because of his reputation as the leading batsman of the baseball game, but because of the large salary he commands.

HORSEMEN WELL PLEASED WITH NATIONAL HANDICAPS

But 24 of 111 Entered in Harlem Event Are Declared Out. Claude's Weight Changed.

[By Associated Press to The Gazette.]

CHICAGO, April 12.—Only 24 of the 111 horses entered in the $10,000 Harlem National handicap, to be run at Harlem, Chicago, June 6, have been declared out. Horsemen here consider the small percentage of declarations a high compliment to Secretary Nathanson's handicapping, especially as various forms of illness are responsible for nearly half of the declarations.

Claude was handicapped at 102 pounds, but by winning the Tennessee Derby has incurred a penalty of 12 pounds since accepting. The 87 which have accepted their weights are:

McChesney, 127; Lucien Appleby, 122; Hernando, 120; Sidney Lucas, 119; Runnell, 118; Alan Dale, Owenton, 116; Glen Water, Belles Commoner, The Monarche, 114; Wyeth, Terra Firma, Six Shooter, 114; Vimiera, Twenties, Corrigan, Abe Frank, 111; Flying Torpedo, Vesuvius, 110; Nitrate, Old Hutch, 109; The Conqueror II., Caliban, Port Royal, Savable, 108; Golden Wishes, Alabarch, 107; Rolling Boer, Harry New, Jack Demund, Skillful, 105; Dr. Stephens, Piederlack, Little Scout, Potheen, High Chancellor, 103; John McGurk, Picquart, Linguist, 104; Artena, Hoodwink, Hargis, Red Conyn, Jordan, Prowl, 103; Ben Chance, 102; Claude, 114; Eva G., Bardolph, Air Reform, 101; Epidemic, Kingal, Amber, Western Duke, Major Tenny, Gregor K., Topsoil, Woodlake, Gilfain, Withull, 98; South Breeze, Jaubert, Esherin, Rankin, Shooting Star, 97; Barca, The Picket, Alola, Watling Everton, 96; King Daly, Beerways, The Don, 95; Lendin, Lem Reed, Peericles, Air Light, 94; Sliner Simon, Estrada Palama, Canyon, Judge Himes, Standardbearer, Treacy, 92; Governor, Manru, 90; Gold Bride, Beaugard, 85.

NO ROWDYISM ON THE BALL FIELD

President Pulliam Advises Players to Wear Clean Uniforms Also.

THE RULES DEFINED

[Special Telegram to The Gazette.]

NEW YORK, April 12.—No misunderstanding should exist in the National league this year regarding the interpretation of rules or the powers of the umpires, in an official communication to umpires and players, and also to the owners and the managers of the National league clubs, Harry Pulliam, president of the organization, clearly defines his policy for the coming season.

Rowdyism will not be tolerated under any consideration. On this one issue the new president is imperative, and the players might as well make up their minds one time as another, that it will be dangerous if they attempt any of their "high jinks" on the diamond this year.

The president cautions the players to see that their uniforms are in a neat condition before they go on the field. It is a time that somebody put an end to the practice of wearing flannel suits that look as if they had not seen the laundry for months. Players must take their positions promptly when play is called and must also lose no time between innings.

President Pulliam lays down the following constructions on such playing rules as are deemed susceptible of more than one interpretation:

Rule 20 (pitcher's position)—The pitcher, in taking his position shall place no part of either foot back of the rubber nor shall he take more than one step in delivering the ball to the batsman. This construction does away with all preliminary steps, either to the rear of or to the side of the rubber.

Rule 33, sec. 8 (balking)—Construed as meaning that both feet of the catcher must be inside the catcher's lines.

Rule 40 (batting)—A foul tip must go sharp from bat. If the ball rises from bat to the catcher, as in the case of the attempted bunting of a low or slow ball, it will be ruled as a foul fly.

Rule 46, sec. 5 (batsman is out)—The batsman will be declared out at once if he make any motion or attempt at interference with the throwing of or the catching of the ball by the catcher.

Rule 47, sec. 4 (batsman a base runner)—The batsman must make a palpable attempt to avoid being hit. In no case will he be allowed to become a runner as the result of being hit by a slowly delivered ball, the umpire to be judge of the speed of such ball.

Rule 51, sec. 6 (base runners are out)—Attention of players is called to this rule, requiring runners to keep within the 3-foot lines in going to first, unless they avoid a fielder attempting to field a batted ball.

Rule 53 (coaching)—This rule is construed literally, and will be enforced literally, with the exception of the imposition of the $5 fine, in which case the printed rules are in error.

Rule 67 (field rules)—Will be enforced literally.

EASY FOR WHITE SOX.

Comiskey's Team Again Wins from Kansas City.

KANSAS CITY, MO., April 12.—The Chicago American league team again defeated the Kansas City American association club with ease today by batting the local pitchers hard. The score:

	R.	H.	E.
Kansas City	2 0 0 0 0 2 0 0 0—	4	10	3
Chicago	0 0 3 0 0 1 3 4 0—	11	17	1

Batteries—Gibson, McDonald, Durham, Maloney and Manderbilt, Callahan, Patterson and MacFarland. Attendance, 2,000.

AN EVEN BREAK.

Americans Beat Donovan's Nationals at St. Louis in Last Game.

ST. LOUIS, April 12.—The Americans defeated the Nationals in the fourth and last game of the exhibition series today, which makes it an even break. The attendance was large. The score:

Americans	2 0 1 0 1 0 0 2 —8	11	2
Nationals	0 0 0 1 0 0 0 0 0 —1	5	3

Batteries—Howell and Kahoe; Rhoades and Weaver. Umpires—Sheridan and O'Day.

TRAP SHOOTERS HEADING TOWARDS KANSAS CITY

KANSAS CITY, April 12.—Celebrated shooters from all parts of this country are coming to this city on every train to take part in the fourth annual Grand American handicap tournament at inanimate targets, which will begin here on Tuesday and last four days. It is expected that the shoot will be the most successful at targets ever held in the history of the Interstate association. Elmer E. Shaner, secretary of the association, said the probable number of contestants, with the post entries, will reach about 175.

IN THE OIL FIELDS.

The search for new producing territory in the lower southwest continues without any abatement and the effort during the past week was just as barren of results as at any time in the past months. The heavy rains have kept the roads in an almost impassable condition, but this difficulty has not proven a complete bar against starting some new work. The oil pools without a single exception are drawing their supplies and there may hold up in their production to a given point are looking with more than usual earnestness for new producing territory. New fields in the lower southwest are no longer regarded as a possibility, but they are still hopeful of finding small pools, and in this they stand a chance to meet with a certain degree of success. For years the middle southwest was in that condition and the lower country is now in the same position, with this exception, that it requires a vast amount of capital to search for them in the deep sand districts.

Within the past few years, or since the discovery of the Sand Fork pool in Lewis county, no producing territory has been discovered in West Virginia outside the pools now producing or being developed. Interim hundreds of dry holes have been drilled in the hope of extending the producing area to the southwest. No effort has been successful, however, at this time, but there is no assurance that present developments will prove more fruitful. Braxton, Roane and Jackson counties are receiving some attention, but the work is not proving such as to lead to increase as the year grows older.

The deep sand territory in Wetzel and Harrison counties is still furnishing the largest amount of new production, and when this territory has been fully developed the source of a new supply will be a problem hard of solution. Along this territory for a number of years and nearly all of the new discoveries have consisted of extensions or spurs to some of the older fields, such as is now under development south of the Gold Whipple Run pool, in Ritchie county. The Pine Grove extension, in Wetzel county, is another of the same kind.

South of the Pullen Timber run development, and in the direction of Fish creek, it looks promising for a Dunkard sand pool. Explorations have not been pushed far enough to furnish the idea as to the area, as there have been but two wells completed in that locality. The first well to attract attention to this locality was drilled on the Cogan-Patterson farm and most three months ago. The well started at about 100 barrels a day and is still producing 40 barrels a day, with great regularity. South of the well 1,000 feet Lyle Bush for Cox company has drilled in a well on the H. L. Smith farm that is producing 75 barrels a day from the same formation. The Neal, Crawford & Trees well on the Cogan-Patterson farm was a surprise when it proved a producer in the Dunkard sand and was looked upon as nothing more than a fresh water discovery. It was this well that led to finding an extension to the Big Injun sand development on Pullen Timber run.

Neither the Folsom nor Pine Grove extension furnished anything better than the most ordinary producers during the past week. In the last named district two wells are coming very slowly and a fresh break inside of a dozen has been struck. There is a considerable volume of test work under way and some of the wells of most importance will be due in the next two months. Active developments in the Folsom district have shifted to the east and southeast of developments and within the next few weeks the status of this territory will be determined.

The South Penn Oil company's well No. 1 on Jesse Talkington's farm, which responded so generously when shot a few days ago, has declined again and is now back to 150 barrels per hour. The Ohio & Indiana Oil Gas company completed a test well on the B. F. Robinson farm during the week that is good for 30 barrels a day. The Southern Oil Company's well on the Whisky run pool has added to their production to a given point are looking with more than usual earnestness for new producing territory. New fields in the lower southwest are no longer regarded as a possibility, but they are still hopeful of finding small pools, and in this they stand a chance to meet with a certain degree of success. For years the middle southwest was in that condition and the lower country is now in the same position, with this exception, that it requires a vast amount of capital to search for them in the deep sand districts.

The Ohio & Indiana Oil Gas company's test on the Polton farm has been drilled deep into the Big Injun sand and is a failure. It was expected that this test would show an extension to the old Pine Grove pool. The Southern Oil well drilling in this once sensational pool. The old wells have declined and the entire pool at the present time is not producing much more than 1,000 barrels a day.

In some of the old districts in Pleasants county operations are reviving. Quite recently some good producers have been found in the Bens Run development, and the Ohio & Indiana, also shows considerable new work starting. However, in both the work completed and that under way there is little novelty.

On Sells run, Wirt county, near the Ritchie county line, the South Penn Oil Company drilled in a test on the William Dawson farm that showed a fair well, but very disappointing to the Keener sand. A gasser was the Yellow Creek district's contribution in Calhoun county, the first gasser of this class in out one well drilling in this development.

Hundred district, Ritchie county, still leads with wildcat work. On Indian creek and the South Fork of Hughes river there is still an effort making to discover new pools.

Across from Raven Rock on the Ohio side, in Washington county, there is a very good specimen of the Dunkard sand in a deep sand pool. During the week a test well was completed on the Hollister farm that is good for 20 barrels a day. South of the well the Three Sons company drilled a well on the Hall Bros. farm into the Mackeburg sand and developed a very strong gas pressure. Southeast of the Hollister district, in the same county, there is some drilling starting.

The bad condition of the roads has held back much of the contemplated work in Monroe county, but in the Middle Island valley, some very nice wells are coming in and operators are giving some attention to the Berea grit formation. Up to the present time nothing of importance has been found in this horizon, but those holding are hopeful of finding a more prolific producing sand.

In the shallow sand territory in Washington and Meigs counties there is still considerable work under way and the results are about the same as has characterized that territory for so many months. The Pilot pool district, in Harrison county, completed a half dozen small gushers.

Belmont county now leads with work of an experimental character. The Underwriters district has been defined, but in the vicinity of Barnesville, where Pittsburgh parties drilled in a well and got a good producer a few weeks ago, things are a chance for opening a new pool.

WORLD'S TRAFFIC TOLD IN FIGURES

Imports of Older Countries Exceed Exports to a Considerable Extent.

UNITED STATES LEADS

Enormous Excess of Exports Over Imports Revealed by "Statistical Abstract of the World" Now Being Published.

The Pittsburgh Gazette Bureau,
Room 10, Postal Building.
WASHINGTON, D. C., April 12.

The story of the world's commerce, past and present, is told in the "Statistical Abstract of the World," the first chapter of which has just made its appearance in the monthly publication of the treasury bureau of statistics, is an interesting one. This first chapter of the Statistical Abstract of the World presents the figures of the commerce of every country of the world, so far as obtainable, extending back as far as possible; in some cases only a decade or two, in others a full century. The figures are expressed in United States currency, and the subsequent chapters, which will discuss quantities as well as values, will also be expressed in terms of United States weights and measures.

These figures tell the story of the growth of commerce in the various countries and sections of the world, and a comparison of the progress made by the various countries makes a very satisfactory showing for the United States. The countries discussed are grouped by grand divisions. In Europe a very large proportion of the countries show larger imports than exports. In America, and indeed most of the younger countries, the exports exceed the imports, save in a few instances in which the country is so extremely young that it has not developed its producing powers. In the Orient some countries, notably India, export more than they import; while in other cases, notably Japan and China, the imports exceed the exports.

GROWTH OF IMPORTS.

Taking the European countries in the alphabetical order in which they are arranged, Austria-Hungary shows a growth in imports from $210,000,000 in 1870 to $320,000,000 in 1901, and in exports, from $192,000,000 to $385,000,000, showing an excess of exports in 1901 amounting to $58,000,000. Belgium's imports grew from $177,000,000 in 1870 to $428,000,000 in 1901, and her exports, from $132,000,000 to $305,000,000, the balance showing an excess of imports amounting in 1901 to $75,000,000. France increased her imports from $552,000,000 to $842,000,000, and her exports from $841,000,000 to $774,000,000, the trade balance being an excess of $69,000,000 of imports in 1901. Germany's imports increased from $775,000,000 in 1872 to $1,200,000,000 in 1901, and her exports from $551,000,000 in 1872 to $1,054,000,000 in 1901, the trade balance being in 1901 $226,000,000 of imports. Italy shows a growth in imports from $174,000,000 in 1870 to $277,000,000 in 1901, and in exports, from $168,000,000 to $264,000,000, the trade balance being $87,000,000 excess of imports. Netherlands increased her imports from $187,000,000 in 1870 to $818,000,000 in 1901, and her exports, from $153,000,000 to $698,000,000, the trade balance being $122,000,000 excess of imports. Russia's imports grew from $301,000,000 in 1870 to $722,000,000 in 1900, and her exports, from $216,000,000 to $560,000,000, exports exceeding imports in 1900 by $47,000,000.

THE SPANISH KINGDOM.

Spain shows a growth in imports of from $101,000,000 in 1870 to $182,000,000 in 1901, and her exports increased from $77,000,000 to $172,000,000, the trade balance being $31,000,000 excess of imports. The United Kingdom increased her imports from $1,250,000,000 in 1870 to $2,210,000,000 in 1901, and her exports from $971,000,000 to $1,963,000,000, the excess of imports over exports in 1901 being $847,000,000.

Turning to Asia and Oceania, the figures of the trade of India show a growth in imports from $100,000,000 in 1870 to $264,000,000 in 1902, and in exports, from $233,000,000 to $402,000,000, the trade balance being $139,000,000 excess of exports in 1902. China's imports grew from $100,000,000 in 1870 to $120,000,000 in 1901, and her exports from $87,000,000 to $130,000,000, imports exceeding exports in 1901 by $70,000,000. Japan increased her imports from $107,000,000 in 1870 to $127,000,000 in 1901, and her exports, from $17,000,000 to $103,000,000, the trade balance being $2,000,000 excess of imports in 1901. The trade of Australasia is shown separately for each of the various colonies, but summarized shows $201,000,000 of imports and $223,000,000 of exports in 1900, exclusive of the intercolonial trade, the balance thus being $22,000,000 excess of exports.

PRINCIPAL AMERICAN COUNTRIES

Considering the principal American countries, the figures show for Mexico a growth in imports from $20,000,000 in 1878 to $67,000,000 in 1901, and in exports, from $38,000,000 in 1877 to $33,000,000 in 1901, the excess of imports in 1901 being $34,000,000. This adverse trade balance, however, is largely made up by exportations of silver, which in 1901 amounted to $35,000,000. The British West Indies increased their imports from $21,000,000 in 1870 to $32,000,000 in 1901, and their exports from $23,000,000 to $29,000,000, the excess of imports in 1901 being $3,000,000. The figures include inter-island commerce. Taking up the principal British West Indian colonies separately, it may be said that the imports during 1901 were: Barbados, $5,000,000; Jamaica, $8,000,000, and Trinidad, $12,000,000; and the exports in that year, Barbados, $4,500,000; Jamaica, $9,000,000; and Trinidad, $11,500,000. Canada's imports increased from $74,000,000 in 1870 to $212,000,000 in 1902, and her exports, from $72,000,000 to $211,000,000, the trade balance being $600,000 excess of imports in 1902; though in most of the years since 1894 the figures show an excess of exports ranging from $2,000,000 to $22,000,000. Argentine's imports increased from $47,000,000 in 1879 to $100,000,000 in 1901, and her exports, from $29,000,000 to $161,000,000, exports thus exceeding imports in 1901 by $52,000,000.

SOUTH AMERICA'S SHOWING.

Brazil increased her imports from $69,000,000 in 1870 to $96,000,000 in 1901, and her exports, from $80,000,000 to $107,000,000, the trade balance being an excess of $101,000,000 of exports. Chile's imports increased from $25,000,000 in 1870 to $50,000,000 in 1901, and her exports, from $27,000,000 to $62,000,000, exports exceeding imports in 1901 by $12,000,000. For the United States, the figures show a growth in imports from $462,000,000 in 1870 to $903,000,000 in 1902, and in exports, from $702,000,000 to $1,355,000,000, the trade balance which in 1870 was $60,000,000 excess of imports, was in 1902, $452,000,000 excess of exports. The excess of exports over imports for the United States alone is greater than that of all other countries of the world combined.

In the above comparisons domestic exports have been used wherever practicable.

EXCEPTIONAL HONORS WILL BE PAID PRESIDENT LOUBET

Great Fleets Assembling at Algiers to Salute French Chief Executive.

HE WILL VISIT MOROCCO

Bey of Tunis, Contrary to Custom, Will Pay Homage and Thus Formally Acknowledge France's Sovereignty.

[Associated Press Cable to The Gazette.]

PARIS, April 12.—President Loubet, accompanied by M. Fallieres, president of the senate, Foreign Minister Delcasse and M. Pelletan, the minister of marine, left Paris this evening for Marseilles on his way to Algeria. The president was warmly cheered as, accompanied by an escort of cuirassiers, he drove across Paris from the Elysee palace to the Lyons railway station. Premier Combes and those ministers who do not accompany the president were present at the station to bid him farewell. After a short stay in Marseilles, where great fetes will be given in his honor, President Loubet will embark next Tuesday on the new warship Jeanne d'Arc, and accompanied by MM. Fallieres, Delcasse and Pelletan, and escorted by the battleship St. Louis, will proceed to Algiers, where a large French fleet is assembled to receive him. Squadrons of British, Italian and Russian warships are also now assembling at Algiers in his honor.

The president will remain in Algeria until April 20, visiting important points in the colony, both on the coast and the interior. It is expected that during his stay a meeting will be arranged with the sultan of the Morocco, the latter coming to some point in Algeria near the Moroccan frontier for that purpose. Everywhere throughout the colony splendid fetes are being organized in honor of President Loubet, this being the first time since Napoleon III.'s visit that a ruler of France has visited Algeria.

BEY WILL DO HIM HONOR.

The French president will embark again on the warship Jeanne d'Arc for Tunis. He will land April 27 at La Galotta, the port of Tunis, where the bey of Tunis and all the high officials of the regency will be assembled to receive him. After spending three days in visiting the various parts of Tunis President Loubet will embark at the naval port of Bizerta on the evening of April 29 for Marseilles. He will arrive in Paris in time to receive Edward VII. on the arrival of the King of England there.

Besides Ministers Delcasse and Pelletan, M. Maurejouls, minister of public works, also will be of the presidential party. He has gone in advance to meet the president at Algiers. A number of senators and deputies will accompany the presidential party throughout the trip, being accommodated during the trip across the Mediterranean on board the battleship Saint Louis. Much political significance is attached to the journey, as it is the first time that any president of the French republic has visited her African possessions, and it will be the first meeting on African soil between a French ruler and a North African sultan and the bey of Tunis.

AN EXTRAORDINARY EVENT.

While the international attention shown to President Loubet by the assemblage of a powerful foreign squadron in Algerian waters to salute him on his arrival is not without significance, the fact that the bey of Tunis will go to receive the president on his landing, an honor that that potentate has never before paid any royal visitor, already has made a powerful impression on the Tunisians, who consider this a complete acknowledgment of French sovereignty.

POPE LEO VARIES HIS EASTER SUNDAY PROGRAM

Does Not Officiate at Mass, but Receives Delegation of Hungarian Pilgrims.

[Associated Press Cable to The Gazette.]

ROME, April 12.—Easter Sunday here was marked by magnificent weather. A private mass was held at the vatican with a few select guests. The pontiff was present, but for the first time in his pontificate he did not officiate personally.

This circumstance has given rise to all kinds of rumors respecting Pope Leo's health, who, however, was well enough to receive a large number of Hungarian pilgrims.

STUDENTS PUNISHED.

Russian Women Revolt Against New Examination of Medical Institute.

ST. PETERSBURG, April 12.—The official Messenger gives details of the recent revolt of women students against the new examination regulations of the medical institute. Three hundred and seventeen of the students were reprimanded and 23 others were severely punished and excluded from the institute. Sixty male students also were expelled for attending a meeting in protest against the punishment of the women.

The medical institute and the university were temporarily closed, but now have reopened.

DRAWS TWO SALARIES.

Burgess Reid of North Braddock Now Fills Two Public Offices.

Burgess Albert T. Reid of North Braddock will begin double service this morning and will draw two salaries from the borough, something that probably no other burgess in Allegheny county is permitted to do.

At the meeting of the North Braddock council the latter part of last week Burgess Reid's salary was fixed at $400 per year for three years, an increase of $100 per year over the preceding burgess, Fletcher E. Leighton. George B. Whitfield, defeated Republican candidate at the primaries for burgess, was a candidate for street commissioner, but after a half-dozen ballots he was knocked out because of politics, and it was decided to abolish the office. Burgess Reid, however, was placed in charge of the streets at an extra salary of $50 per month or $600 per year. Reid is well-to-do.

CENSORSHIP ON DRAMA RELAXED IN AUSTRIA

Government Retains Control of Councils Which Regulate Production of Plays.

[Associated Press Cable to The Gazette.]

VIENNA, April 12.—Premier Koeber has issued an important circular to the provincial governors revising the rules regulating the censorship of plays which have been practically unchanged since 1850.

One of the most interesting provisions in the circular is the creation of censorship councils to which condemned plays must be referred. These councils will consist of three members, a government official, a legal official and an independent member. The latter must be one specially acquainted with dramatic affairs such as a dramatist, critic or a literary man. As the majority in the councils will be government officials there is little danger of any play distasteful to the authorities receiving approval. The censors are forbidden to revise or alter plays. They may only suggest alterations to the authors.

MANY PITTSBURGHERS AT PRINCETON COLLEGE

LAWRENCEVILLE OFFENDERS.

Men of Violence Pay Well for Saturday Night Escapades.

Magistrate James J. Kirby has 18 cases yesterday morning at the Twelfth ward station and five of these were men arrested as suspicious characters.

Henry Craton, a negro, of No. 1232 Liberty avenue, was arrested in company with Philip Cable of Brereton avenue. The men had a fight in Penn avenue at Thirty-sixth street and Craton had a knife with which he was trying to cut Cable. Craton was fined $10 and costs and Cable was discharged.

R. Thompson, Thomas White and William Durphy, all negroes, were charged with holding up a Pole at Twenty-fifth street and Liberty avenue. They were each fined $5 and costs.

Tony Batwitz, a Pole, of No. 2123 Mulberry alley, with his wife and daughter, appeared against him and Kelley swore the man was drunk and had thrown a brick at him. The brick missed its mark and the Pole then struck him in the head with a handy billy. Batwitz was fined $25 and costs, which he paid.

Emil Tiemel, a German, of Sharpsburg was found sleeping in a doorway in Penn avenue. When he was awakened the man used vile language and said he would have the officer discharged. He was sent to jail for 10 days.

ASSUMPTIONISTS ARE BEING INVESTIGATED

PARIS, April 12.—The police have searched a number of houses in which reside members of the Assumptionist order. A number of papers and documents were seized with the object of investigating whether this religious order has really been dissolved in conformity with a judgment of the courts four years ago.

CLEARING DECKS FOR FINAL CLOSE

Party Leaders at Harrisburg Expect to Finish Calendar by Thursday.

SOME IMPORTANT BILLS

General Appropriations Are Yet to Be Provided for—Several Measures Left to Slumber in the Committee.

[Special Telegram to The Gazette.]

HARRISBURG, April 12.—While much work remains to be done by the general assembly before the final adjournment, next Thursday, the leaders of both bodies are confident the calendars will be cleared in time to avoid an all-night session on Wednesday. There are only a few important bills on the calendar, and it is expected these will be disposed of without much debate or an attempt on the part of the opposition to them to delay their passage.

The senate has not yet taken up the general appropriation bill, which contains items amounting to over $10,500,000, and it will probably go to a conference committee before it is sent back to the house. The Garner bill, making eight hours a legal day's work for persons under 21 years employed in and about mines in the anthracite region; the bill creating a state department of labor, and the measure providing for aged miners and their wives, have not yet been acted upon finally in the senate.

The Susquehanna canal repealer, the Kingston dam bill, the Champlain bloodhound bill, the Jackson measure prohibiting banks and trust companies from establishing offices or branches, the bill limiting to $200,000 the amount of money to be expended annually by the state forestry commission for the purchase of forest lands, and the joint resolution creating the office of state archivist for the preservation of the public records of the commonwealth, are among the most important house measures awaiting action in the senate.

The Phillips racing bill and upward of 100 house appropriation bills are still to be considered by the senate, which reconvenes Monday noon and will be in session almost continuously until Thursday noon. Should the Sproul-Roberts road bill, appropriating $8,500,000 for the improvement of the public roads of Pennsylvania under the direction of a state highway commission, pass the house, it will have to go back to the senate for concurrence in the amendments made by the house committee on public roads.

The Curry gas and electric light works bill will be taken up in the house Monday night for third reading and final passage and the prospects are that if an attempt is made to debate it those having it in charge will move the previous question. The senate bill increasing the salary of the state treasurer from $8,000 to $10,000 will also be taken up for final passage in the house on Monday. This is a Republican measure and is expected to pass by an almost strict party vote, although it is probable a few Democrats will vote for it.

Several important bills which excited public interest when they were introduced are slumbering in committee and will probably be allowed to die there. Among this class of measures are the White bill, making Gov. Pennypacker a member of the state capitol commission and authorizing him to appoint an additional member of that body; the Snyder water works bill, and the Cooper bill, appropriating $25,000 for a statue of Gen. Robert E. Lee at Gettysburg.

The Grady bill, appropriating $25,000 for a monument to Gen. Simon Cameron in Capitol park, is among the postponed bills on the house calendar for third reading. The bill has already passed the senate and it is probable that its advocates will call it up in the house in the closing hours of the session and attempt its passage.

JAMES M. BECK,
Assistant Attorney General, Who Has Resigned.

ATTORNEY GENERAL P. C. KNOX LOSES VALUABLE ASSISTANT

James M. Beck Resigns His Office to Engage in Practice of Law With New York Firm of Lawyers.

[By Associated Press to The Gazette.]

WASHINGTON, April 12.—It is announced that Assistant Attorney James M. Beck tendered his resignation to President Roosevelt before the president's departure for the west. In tendering his resignation Mr. Beck took occasion to express his pride and gratification at having been privileged to serve under the president's administration and that of his predecessor. In accepting the resignation the president wrote the following letter:

I regret to receive your resignation as assistant attorney general, which is accepted, to take effect April 30 next, as indicated.

I appreciate your expression of the satisfaction you have taken in your public service. It is a pleasure to me to say that you have performed your duties with marked ability, and I hereby extend my best wishes for your continued success in your professional work and for your health and prosperity.

While questioned with reference to his resignation Mr. Beck said:

"I have become a member of the law firm of Shearman & Stirling of New York city and expect to commence my work there on May 1 and shall after that date be a resident of that city. I shall retain my present connection with my Philadelphia law firm. I leave the department with very great regret. My associations have been most pleasant. It is a matter of especial pride that in association with Assistant Secretary Day and Special Counsel B. T. Watson I was privileged to take part in the recent 'merger case.'"

Mr. Beck was appointed by President McKinley in July, 1900. He had previously been United States attorney for the eastern district of Pennsylvania. As assistant attorney general he has argued a number of important government cases among which in addition to the merger case may be mentioned the lottery cases and the Neely extradition case in which the power of the government to govern Cuba after the treaty of peace was confirmed.

Mr. Beck's successor has been selected, but the appointment will not be announced for several days.

ALLEGED TRAITOR TO UNION IS BEATEN

CLEVELAND, April 12.—Peter Jensen, an alleged traitor to the Lake Seamen's union, was badly beaten to-day on the docks by men who got away before police responded to a riot call. Jensen is charged by his co-workers with hiring men as deckhands, but who in reality work as firemen, there being a strike among the latter. Organized labor has placarded the city warning men from the lake docks.

GUSTAVE MEINECKE'S NOTABLE CAREER ENDS

BERLIN, April 12.—Gustav Meinecke is dead. He spent a number of years in the United States, where he was connected with various newspapers. Since his return to Germany he has been identified with colonial undertakings and edited the Colonial Zeitung and the Colonial Year Book.

The skin across the temples should be a clear pink or a clear white. The slightest trace of muddy or brownish color should be guarded against carefully. It is the sign of a disordered stomach or a disordered liver. It is all very well to say that a cheerful disposition brings good digestion. Environment influences the disposition for better or for worse. There are other influences that act more directly on the delicate organism of the body. Coffee for instance acts directly on the nerve centers and throws the stomach and liver out of proper working order. It shows its influence very quickly on the complexion. English women discovered this long ago, and their beautiful clear complexions are directly traceable to their abstinence from coffee. The American woman who uses coffee and bemoans her lack of complexion has only herself to blame. And why in the world should she continue its use when, to take its place, "it last" she has a really inviting healthful beverage with a fragrant aroma and exquisite flavor, a hot vogue which delights the palate and promotes luxurious health—Excel Blend (English Formula). HORRORS OF HAZELWOOD'S TRACTION SERVICE

Most of the Women Use Steam Railroad When It is Possible.

COMPLAINT IS GENERAL

Indignation Meetings Held on Street Cars—South Sider Contrasts Pittsburgh System With Other Large American Cities.

Pittsburgh's traction abominations have grown to be a source of general criticism and disgust. Since the shortcomings of the service of the Pittsburgh Railways Company have been called to mind through the columns of The Gazette, the people throughout the city and in every suburb are discussing the ingratitude which has been shown the passengers by those who are taking the nickels.

In a car bound from the East End down Fifth avenue yesterday afternoon three men turned their conversation to this all-absorbing topic, and it is given here as a sample of what is to be heard every day in the week and on every street car line in Pittsburgh:

"This is a pretty nice car—something like you would find in other up-to-date cities. I wonder why we don't have such service as this over on the South Side?"

"Yes, this car is all right," answered a resident of Penn avenue, "but you must remember that it is a wet day and that very few people are going down town. We are thoroughly satisfied with these vehicles, but they are operating just half enough to satisfy the patrons."

"Neither of you know what bad service is," said the third man. "Why don't you go to Hazelwood some evening about 6 o'clock? The Second avenue line for years has been the most abominable line in the United States. Most women long ago gave up riding in those filthy rattle-traps, and now use the railroad."

"When the Consolidated Traction Company was operated as an independent line we enjoyed fairly good traction service," rejoined the East End man.

"We saw what was going on on the Second avenue and the West End lines, and we never dreamed that we would be catered to by the same people. I think if we could have foreseen what the trolley situation was coming to many persons would have bought property nearer to the railroad."

"Pittsburgh differs from every other large city in the country just now," said the South Sider. "In other towns the trolley is gradually supplanting the railroad. It costs almost twice as much to operate a railroad as an electrical system, and it is not to be supposed that the same low rates of fare can be given, but notwithstanding this, the Pennsylvania local suburban trains are hauling more people today than at any time in the history of the road. In other cities the universal transfer system is being generally adopted. In Pittsburgh a double fare or more is demanded on every line passing beyond the center of the town.

"In other cities the 5-cent rate is uniform at all hours. On the Pittsburgh Railways Company's cars the night fare is from 10 to 30 cents. I used to wonder why strangers laughed at our trolley system, but this is a matter of mystery no longer. The traction company has the whip-hand and seems disposed to compel the people to submit to its narrow-minded whims."

WHAT FEW TRANSFER POINTS THERE ARE, ARE POORLY SERVED

The transfer point at Center avenue and North Craig street, in the Bellefield district, is one of the busiest and most important of any of the lines of the Pittsburgh Railways company. Cars on the Center and Larimer avenue, and the East Liberty via Center avenue lines, going both east and west, transfer at that point to the Bloomfield cars going in both directions across town, and to the Center and Negley line going west, and the Bloomfield and Center and Negley lines also transfer to the others. In any other city there would be a transfer agent at such a point. But in Pittsburgh the conductor has to punch and distribute the transfer slips, and in addition since the automatic switch at that point got out of order the conductors on cars coming from the East End have to jump off and turn the switch for their cars. It is possible that the automatic switch may be put in working order again, sometime. In the meantime passengers often have to wait for their transfers. When the Pittsburgh Railways company wakes up to the needs of its patrons and provides proper accommodations for the thousands who now ride as "strap-hangers" or "bumper-riders" it may find it advisable to station transfer men at points where they are sorely needed. Also the company may conclude to provide transfers at North Craig street and Ellsworth and Fifth avenues, only three squares from the North Craig street and Center avenue transfer point above pictured. It is a strange inconsistency that does not now furnish transfers at those two points. The traction monopoly gets many an extra nickel by refusing to establish these much needed transfer points.

YOUNG LADY GIVES A LESSON IN COURTESY

A fashionably dressed young woman, whose soft voice and pronounced accent indicated that she was a stranger in Pittsburgh, yesterday administered gentle discipline to a conductor employed by the Pittsburgh Railways Company. She sat in a crowded car on the Rebecca street line in Allegheny. At a Federal street corner she rose with a number of other passengers to leave the car. Those who preceded her got out into the rain as best they could and were drenched before they could raise their umbrellas.

Reaching the rear platform the young woman handed her silk umbrella to the conductor with a bewitching smile. The employe took it without a word and stood with his hand to the bell rope. Meanwhile the young woman paused at the door.

"Do you want off here or not?" growled the conductor.

"After you have been so kind as to raise my umbrella, sir," responded the passenger. "In other cities I should not be obliged to make my request so emphatic."

The umbrella went up and the fair stranger alighted, bowing her thanks with queenly bearing to the man in the uniform.

MORE WHACKS AT WARD DIVISION

Opponents of the Proposition to Gather Tonight at Lincoln School.

BOOMERS ARE DISTURBED

Member of Board of Commissioners Conducting Hearings Is Asked to Make a Statement. Special Election Expensive.

Another hearing to consider the proposed division of the Twenty-first ward will be held tonight in the Lincoln school house, Lincoln and Frankstown avenues. The Lincoln district is the most populous of the ward and is the section where the sentiment is most pronounced against division. For this reason the meeting tonight is expected to be more largely attended than the two previous ones, and the anti-division faction is expected to predominate. While the new ward boomers are making an active fight to get the ward divided and a new one formed out of the Homewood district, the other side is not making any extraordinary effort to oppose the project, relying on its strength of numbers to defeat division if submitted to a vote at the polls.

The Citizens party is in control of the ward and is a unit in opposition to the proposed change in the boundaries. Ex-Select Councilman James M. Clark is leading the faction fighting for division, as Clark hopes to regain his seat in select council if a division is effected.

Notwithstanding the lack of interest manifested by the dominant faction, it has furnished the majority of the witnesses who have testified thus far at the hearings. This was manifest particularly at the meeting Friday night in the Belmar school house, where there were two witnesses against division to one in favor of it.

The new ward boomers were much disturbed after the Friday night meeting by the report that the commission had practically made up its mind to report against division. The impression that the commission was not very favorably disposed towards division was based upon expressions by members of the board indicating that they understood the proposed cutting up of the ward emanated from politics and that the necessity for the change had not been shown. The attorney for the faction seeking a division has asked a member of the commission to make a statement tonight to the effect that the members of the board have not yet made up their mind.

A special election will be required to submit the question to the voters of the ward, and this will entail an expenditure of at least $1,500. It is believed, in view of the fact that the proposition would be easily defeated at the polls, that the commissioners will not recommend an election. It is also pointed out that this city is not lacking in wards and that Philadelphia and other cities larger than Pittsburgh have less wards than Pittsburgh.

WALL STREET BACKING YOUNGSTOWN PROJECT

NEW YORK, April 12.—(Special.)—Henry G. Hamilton and James J. McNally of Youngstown, O., have interested a powerful financial syndicate in Wall street in the construction of a Youngstown trolley line to run to the National Steel Company's plant at a 3-cent fare. Gen. Asa W. Jones and others, who control 5,000 acres of valuable coal lands, are securing estimates on a contract to equip the Youngstown & Southern line from Youngstown to East Liverpool from the Westinghouse Electric and Manufacturing Company.

SAMUEL ABERNATHY HOLDS HIS FIRST COURT

Samuel Abernathy, chief of police magistrate of Allegheny, held his first Sunday morning hearing at the North Side Central station yesterday. He had an even dozen cases before him. Calvin and Emma Sproul and William White, of No. 708 Compromise street, were charged with being drunk and fighting late Saturday night. Sproul was discharged and White and the woman each fined $5 and costs or 30 days. F. H. Berry of Beltzhoover avenue, Pittsburgh, got 30 days for begging on the streets. Frank Foyer of Fremont street, paid $5 and costs for abusing his wife.

THIRTY-TWO YEARS IN BUSINESS

1871 ANNIVERSARY WEEK 1903

"AT THE PEOPLE'S STORE"

SALE BEGINS TODAY

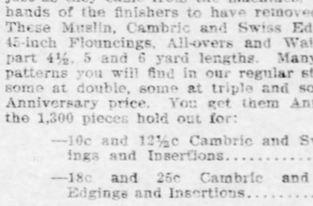
THIRTY-TWO years ago the name "CAMPBELL'S" first appeared on the sign over a dry goods store in Pittsburgh. It was a smaller affair than the Campbell's of today—but a good healthy beginning. This is the week that contains our business birthday—the week we never fail to celebrate. We're glad we're here, and we want the people of Pittsburgh—of the "Greater Pittsburgh" to be, to rejoice with us. Hence this brilliant galaxy of Anniversary Bargains—Sale begins today.

CAMPBELL'S—"The People's Store."

SALE BEGINS TODAY

CAMPBELL'S

"Run-Off-the-Loom" Embrodieries



One of the biggest "Snaps" of our Anniversary Sale will be found on the big Special Counter which we call our "Competition Counter." Here will be piled up 1,300 pieces of embroideries from St. Gall, which were so short that they could not be included in the orders for which they were made. In trade parlance these are called "run-off-the-loom" pieces because they are put up just as they came from the machines, without passing through the hands of the finishers to have removed any trifling imperfections. These Muslin, Cambric and Swiss Edgings, Insertions, Beadings, 45-inch Flouncings, All-overs and Waist-Fronts are for the most part 4½, 5 and 6 yard lengths. Many of them are the identical patterns you will find in our regular stock and elsewhere in town, some at double, some at triple and some at even four times our Anniversary price. You get them Anniversary week—so long as the 1,300 pieces hold out for:

Exactly So

(Like all our advertising statements.)

Five good types of Ladies' New Spring suits, all eligible styles, have been assigned special honors. We have chosen them to represent the commanding position and progressive spirit of our store—to give special emphasis to our low prices. So they become "Anniversary Specials."

Two lines are regular $16.50 tailored gowns; one kind are $20 Walking Skirts; still another line has been selling fast at $12.50; while the fifth lot are suits marked $22.50 until now. We will make these Spring gowns—about fifty of them all counted—

Anniversary Week Specials at..... $10

Granite Cloths, Fancy Wool Mixtures and combinations of All-wool Cloths and Silks are the materials most in evidence. Blouse suits for the most part. Nearly all of them have silk lined jackets. The colors are blues, browns, medium grays, castors and Scotch mixtures. The skirts are nine-gore, with the fashionable flare and variously trimmed. They have the essential qualities of good style, good tailoring, good materials and tasteful trimming. More than all else, right at the very opening of the season, they become Anniversary Specials at $5 less than the average values.

BREATHING SPELL IS GIVEN SPECULATORS

Decision in Northern Securities Case, Handed Down at Most Opportune Time, Enables Financiers to Protect Interests.

[By Private Wire to The Gazette.]

NEW YORK, April 12.—Few persons will dissent from the opinion generally expressed that, all things considered, the decision adverse to the Northern Securities Company handed down by the United States circuit court of appeals on Thursday was announced at a most favorable time. Whether by accident or design, but certainly most fortunately, President Hill has returned from Europe and Mr. Morgan has deferred his departure abroad. Thus the persons primarily responsible for the campaign's existence were on hand to look after its interest.

Entirely aside from this the court could not well have selected an occasion more opportune for the announcement of its sweeping and momentous decision than one preceding a three days' suspension of business on the stock exchange. The public has been afforded a breathing spell and an opportunity for considering. It provably realizes by this time that property has not been destroyed and that values have not been impaired, no matter what may happen to speculative prices in the confusion which must exist for a time and readjustment of affairs which must follow later on if certain corporations are resolved back into their original elements. Taking a still broader view of the situation and again some highly fortuitous features are found in connection with the time of announcing the portentous decision. It comes after a long period of liquidation, when prices are much reduced, when the general public is out of the market and securities are in strong hands.

The "strong hands" do not relish the situation forced upon them, but as they are chiefly responsible for the mischief, it is simply retributive justice that the burden falls where it does. What might have happened with the public in the market is not difficult to infer, but possibly a repetition of May 9, 1901, an event which had much to do with the creation of the company. It is highly fortunate also that the court of first instance should have decided, if decide it must, on law and facts, adversely to the company, and done so unanimously, expressing its opinion clearly and without ambiguity. Had the decision in the circuit court of appeals been favorable no power could have restrained a revival of market activity and a movement for the advance, based upon deals and rumors of deals, similar in scope and operation to the Northern Securities Company. It is not difficult to imagine what the result would have been, in the future, had financial interests, basing their operations on a favorable, though not final decision in the lower court, proceeded with undertakings of like nature, or, if speculation had stimulated the market, upon such a pretext to meet with a possible overthrow if the findings by the supreme court are similar to those now rendered by the lower tribunal.

The stock market, with its mass of undigested and unassimilated securities, was in no position to long sustain any active speculative movement for the advance. Although there has been some improvement in the money market and this improvement is likely to continue, it is proceeding very slowly.

It is not the intention to underestimate the grave import of the Northern Securities decision, the other properties, merger or held through majority stock ownership by other and connecting lines. Few persons, however, it is believed, will accept the extreme views of Mr. Griggs that the decision applies to every "railroad and trade consolidation affecting competition which has taken place in the last 13 years."

LONDON STOCKS FIRM.

Trading on Strength of Activity After Easter—The Berlin Boerse Quiet.

LONDON, April 12.—While business lasted the atmosphere of the stock market last week was decidedly more cheerful, and it is pointed out that the fact that, notwithstanding the disturbing reports from the Balkans, the public is demanding all the best investment stocks, is an earnest of better times after Easter. The improvement in consols was reflected in the other leading securities, home rails showing especial strength. Americans also strengthened last Thursday and showed a general advance. The decision in the case of the Northern Securities Company came too late to have an effect on the markets here, though some apprehension exists regarding the situation when business is resumed next Tuesday. The writers in the financial papers, however, do not predict any serious fall, if any, in view of the fact that while the decision is important, it is not final and does not affect the statistical position of the roads involved.

BERLIN, April 12.—The Boerse had a quiet week of a holiday character, but values were well maintained. Industrials developed greater strength yesterday. News from the iron and other industries indicates a continued recovery in prices, and it is regarded as a favorable omen that the demand for structural iron is increasing in a marked manner, owing to extensive building operations.

The money market showed a further improvement and rates were lower. The Reichsbank statement shows an unusual recuperation and the impression prevails that the general market will undergo an improvement after the Easter holidays.

NEW BISHOP TO PRESIDE.

Rt. Rev. J. F. Regis Canevin Will Dedicate New St. Colman's Church.

Coadjutor Bishop J. F. Regis Canevin, assisted by about 40 priests, will conduct the dedicatory exercises of St. Colman's Roman Catholic church, Turtle Creek, on Sunday, May 3.

The church is built on the site of the old edifice, erected about 21 years ago, and is of brick and granite. Two splendid towers front the new church. The total cost will reach about $60,000. The pastor is the Rev. Father William A. Cunningham, who has been at Turtle Creek about 14 years. His congregation numbers about 600 families.

HIT IN THE HEAD; STILL DISSATISFIED

Daniel McIver of No. 246 Madison street went to the Center avenue police station yesterday and said he had been shot by some unknown person in Soho street. He had a small wound on his forehead and he thought a stray bullet had hit him. He was taken to the Passavant hospital where the doctors examined his wound and said it was very slight and had not been made by a bullet. McIver went home dissatisfied.

WEEKLY REVIEW OF MARKET PRICES

Hay Holds Firm—Navy Beans Decline—Egg Market Slightly Easier.

Firm conditions have prevailed for a long time in the hay situation, and last week they were fully maintained, rather gaining than losing strength. Timothy was scarce after during the latter part of the week, and sellers found no difficulty in securing top prices for all they had to offer. Straw maintained its former position without change. Oats have been steadily weakening, and prices were lower at the close than at the opening, both for ear and shelled. Oats are easy, and quotations are not so high as they were a week ago. Best grades are salable at quotations, if strictly good, but inferior stock is not wanted. Millfeed has been going down in the scale of prices, and closed considerably below ruling figures of last Monday. Rye is scarce and firm with no quotable change.

Wheat has shown enough additional strength on account of heavy buying in the west, to affect flour prices, and an advance of five cents a barrel in fancy spring patent has been made. At these new rates the old concession of five cents a barrel is still being allowed for mail order. Coffee shows no change from figures ruling a week ago. Sugar has gone down ten points during the week and was after that restored to its former level. Refiners advanced the list ten points on Friday, and this influenced the upward movement in the local market. The situation is still unsettled, however, and jobbers are selling at a loss when putting sugar out at present quotations. Navy beans are easier, and prices have declined $2 45 being now the top of the market for fancy hand picked. Canned tomatoes went lower, the weakness in the market affecting the situation again, and standards are quotable as low as 80 cents.

There were some few changes in the produce market prices owing to the Easter demand. White wax beans, cucumbers, vegetables, and caused fluctuations which are not likely to have much effect upon enduring quotations now that the special rush is over. Cabbage, however, is higher, owing to higher cost for seed, reasons, stocks being very scarce. The market will rule high until the coming of new cabbage. New peas are now in the market, and artichokes are arriving. Home-grown lettuce and rhubarb are the nearby products now offering. Strawberries are coming in from Florida, Louisiana, Mississippi and North Carolina, and are low in prices of a week ago. Egg trade is unchanged.

There has been a very active poultry market, and one dealer who had over 40,000 pounds of chickens at the opening of the week remarked on Saturday that he had not a hundred pounds left in the house. Prices remained very firm all week, and are likely to continue strong for a few days longer, stocks having been so thoroughly cleaned up as to leave the market in good condition.

Fresh eggs have been coming in freely, but prices have been well maintained, although at the close of the week there were indications of weakening. They are too high to store, and cautious dealers are hesitating in the matter of purchase, remembering the unfortunate experience of last season, when high prices paid for storage supplies resulted in heavy losses. It is not unlikely easter prices may prevail this week. New cheese is coming in freely, and is of excellent quality. Butter has been scarce and firm all week, but is easing up some, with a larger milk supply.

DEDICATION OF NEW CHURCH.

Congregation Has Made Elaborate Preparations.

The First United Brethren congregation of Wilkinsburg is making elaborate preparations for the dedication of their new church building, South avenue and Coal street, next Sunday. The structure is one of the finest in the borough and was rebuilt at a cost of $20,000. The seating capacity of the church is about 700, while the membership is only a little less than that number.

The dedicatory services will be conducted by Bishop Mills, who will preach the sermon, assisted by the Rev. G. W. Sherrick, pastor of the church, and other local pastors.

Promised to Be Better.

Fourteen-year-old Lizzie Caughey, arrested Saturday night while wearing two rings belonging to Mrs. Minnie Putt of No. 6218 Butler street, was discharged yesterday upon her promise to do better hereafter.

At the close of business tomorrow (Tuesday) the books of the Manufacturers Light & Heat Company will close for the dividend of $1.50 a share, and the books will not be opened again until May 2. During that period the stock dividend of three new shares for one of the present shares will be declared.

PITTSBURGH CEMENT COMPANY.

SUBSCRIPTION BOOKS OPEN

SUBSCRIPTIONS ARE INVITED TO THE FIRST ALLOTMENT OF SHARES IN CAPITAL STOCK OF THE PITTSBURGH CEMENT COMPANY AT PAR OF $10 PER SHARE, FULL PAID AND NON-ASSESSABLE. SUBSCRIBERS TO THIS ALLOTMENT OF STOCK WILL RECEIVE FIRST MORTGAGE BONDS WHEN ISSUED FOR EACH $100 WITHOUT FURTHER PAYMENT. TERMS OF PAYMENT, 25% CASH AND THE BALANCE IN 30 DAYS. SUBSCRIPTION BOOKS NOW OPEN.

The Pittsburgh Cement Company is organized under the laws of New Jersey, with a capital stock of $1,000,000, in 100,000 shares of $10 each, full paid and non-assessable, and $500,000 first mortgage 6 per cent bonds.

The company has 150 acres of land near Hancock, Md., on which there is an immense deposit of the best cement rock in America, which can be mined or quarried at a low cost, estimated to contain over 20,000,000 barrels.

The company will erect a plant on the property with a capacity of 1,000 barrels per day, which may be increased at a large saving in cost over the first plant to 5,000 barrels per day. Estimating that the plant would be in operation 300 days in the year, the output of 1,000-barrel plant for the year would be 300,000 barrels, on which there would be a net profit of $150,000 to $200,000 per year, and this may be doubled.

At present the cement works of the country are running double time, and are sold about one year ahead. The great demand for cement is owing to the continual discoveries of new uses where it can be employed to greater advantage than any other material. Where formerly steel, iron, stone and timber were used for bridge abutments, arches, pillars, retaining walls, curbing, sidewalks, sewers, stairs, &c., now cement is used.

The builders of the New York subway find it almost impossible to get cement in sufficient quantities to keep their work progressing. The building of their great tunnel under the North river by the Pennsylvania R. R. and the other extensive operations projected by this and similar corporations will in itself create an unusual demand. The plants now in operation will be totally inadequate to supply the demand, so the industry is a permanent one.

The business of this company cannot fail to be immensely profitable, as the quality of its rock is perfect, and the location is excellent, and the climate permits operating the year around.

The location of this company's properties gives it the New York, Washington, Baltimore, Pittsburgh and western markets. The company possesses the great advantage of quality and quantity of material and markets, while the cement business is proven to be one of the safest and most profitable manufacturing industries in America with the most promising future.

It now pays from 12 to 20 per cent per annum on investments, and there is no reason why this company should not do still better.

DANCING BREAKS DOWN MODESTY

Is a Toilet Fashion Exhibit of Naked Arms and Shoulders.

ALSO DESTROYS HEALTH

Rev. E. L. Eaton Contends That Gracefulness and Spirituality Will Disappear if One Worships at Shrine of Terpsichore.

The Rev. E. L. Eaton, pastor of the North Avenue Methodist Episcopal church, Allegheny, continuing his "Better Not" series, preached a sermon last night entitled, "Better Not Dance." Mr. Eaton contended that dancing destroys gracefulness, health, modesty and spirituality, and said, in part:

The dance is sometimes called a "breakdown," and exactly that it is. And it is my purpose to show you this evening some of the things which it breaks down. In the first place, it breaks down gracefulness. Silly parents send their children to the dancing school to learn to be graceful. It is a gross mistake. You and I and our grandparents learned to be graceful at the sawbuck and the washtub, the carpet sweeper and the lawn mower. Orators and actors do not now go to the French dancing masters and varnished dancers to learn gracefulness as they did formerly. They learn oratory with clubs and dumbbells in the gymnasium.

The second thing which it breaks down is health. We are constantly told that dancing is healthful. It is not so; but the modern dance is destructive of health. Is a woman likely to preserve the health which she has, or to regain that which she has lost, in an overheated and overcrowded ballroom, cramped into a tight laced rig which forbids free action of heart and lungs and almost stagnates circulation, swallowing dust at every gasp, dancing until utterly exhausted, generally, not knowing or being willing to admit that she is exhausted, until the collapse comes on the afternoon of the next day, eating a midnight supper, peppered with stimulation, and then going out in the crisp air of early morning in a feverish state of perspiration and exhaustion, to doze the following day, languid and sick? If there is a physician in Pittsburgh who prescribes that kind of treatment for health, you would send him to the insane asylum.

In the third place, it breaks down modesty. Not all who dance will become immodest, but most will; and all will if they follow it closely enough. The modern dance must be judged by what it actually is, and by its fruits—not by any ideal or fanciful creation. As it is, it is bad; it is a toilet-fashion exhibit of naked arms and shoulders, always to the point of immodesty, and generally to the point of indecency. It is also generally a whisky barrel of drunkenness, and stands closely associated for life or death with one other institution too vile to name. The statistics of moral overthrow and virtue ruined through the dance are appalling. The recital of them would horrify you.

And the fourth thing which it breaks down is spirituality. How could it be otherwise? I have never known a dancing man or woman who ever exerted any decided spiritual influence, or who ever had a warm and living testimony for Christ; never one who was able to bear personal testimony that he was saved; but I have known many church members who danced, but they were forever silent as to the work of divine grace in their own hearts. In the pomp and blaze and blare of such a carnival there is not much to cultivate a love for Him, who said "I am meek and lowly in heart." The dance is divided as Cæsar divided all of Gaul into three parts: One-third is paint, and powder, and pride, and parade, and fine clothes, fashioned to exhibit as much of the nude person as absolute decency will tolerate; one-third is excitement, feverish exhilaration, exaggeration and stimulation, and one-third is immodesty and downright sensuality. And you will search the ballrooms of the world in vain for one influence or motive to meekness or modesty or spirituality. It was characterized by Horace Bushnell as "contrived possibilities of license which belongs to high society only when it runs low."

A BETTER LIFE IS THE MESSAGE OF EASTER

Shall Come Out of Tomb of Past Mistake and Present Failure.

At the Observatory Hill Christian church, Allegheny, yesterday, Easter was celebrated with special music by a choir of 20 voices led by J. B. Grier and Mrs. W. J. Billings. The pastor, the Rev. John A. Jayne, in the morning preached a sermon upon the theme, "The Message of Easter." His text was from First Corinthians, 1:20, "Now is Christ risen from the dead and become the first fruits of them that slept." Mr. Jayne said in part:

The earth today is rejoicing in its annual resurrection from the dead. After the cold and the snow of the winter, the voice of the singing bird is heard in the land, and the flowers appear in the earth. The time of sorrow has passed, the song of praise is on the lip. Easter, an old German festival, adopted by the church to celebrate the anniversary of the resurrection of the Saviour, carries with it great lessons.

The resurrection of Jesus Christ from the dead displays in a wonderful manner the over-rule of the Eternal God. Nothing in this world happens by chance. Design is written on everything. All that we do is ordained of the Eternal. Not that we are pawns on the checkboard of life, but man, able to perform the bidding of the Eternal. When the Nazarene was laid in the tomb it seemed to the disciples as though God had withdrawn Himself or had been overcome by the powers of evil. But He overcame the fond wishes of the enemies of the Master, and Christ rose in triumph, a victor over his foes. "God reigns" is the message of the Eastertide.

The Eastertide tells of the great possibilities of life. Man is created not to die, but to be immortal. This life is not the all. What we call "death" is but the dawning of a truer and richer life. Great possibilities are around, above and before us. The message of Easter bids us live to these possibilities. The Easter message begets within us a resurrection life. Because He lives we shall live also. Out of the tomb of past mistake and present failure, we may rise into a higher and better life.

Religious Notes.

The annual convention under the direction of District No 16 of the Allegheny County Bible School association will be held in the California avenue Methodist Episcopal church, Allegheny, tomorrow night. The district embraces lower Allegheny.

At the Temple of the Reform congregation Rodeph Shalom, Eighth street, below Penn avenue, yesterday morning, the Rev. J. Leonard Levy conducted the Passover services. Dr. Levy preached before a large audience on the subject of "Bonds."

The annual rally of the Christian churches of Pittsburgh and Allegheny will be held in the East End church today. The president of the home mission board of the denomination, the Rev. D. R. Lucas, and Dr. Smith of Cincinnati, will address the meeting.

A special meeting of the Pittsburgh synod of the Reformed church will be held today in Butler to consider the proposed sale of St. Paul's orphan asylum, Butler. A syndicate has offered $75,000 for the property and some of the ministers claim it is worth more.

The spring examinations for all candidates for admission to the Pittsburgh conference of the Methodist Episcopal church will be held at the church parlors, No. 422 Fifth avenue. The examinations will open this morning and it is important that all candidates attend the opening session.

The new edifice of St. Coleman's Roman Catholic congregation at Turtle Creek was dedicated yesterday. Bishop Conaty of Los Angeles officiating. The bishop was assisted by the rector of the church, the Rev. W. A. Cunningham, and several priests from all parts of the Pittsburgh diocese. The church was chartered 18 years ago.

The Allegheny presbytery will meet in the First Presbyterian church, Allegheny, tomorrow morning to elect four delegates to the general assembly. Among the leading candidates are the Rev. Dr. Samuel J. Glass, the Rev. Joseph A. Stevenson, the Rev. William C. Campbell, W. W. Waters, S. F. Toy, Dr. G. M. Miller and John F. Slagle.

FROM LENTEN SORROWS TO JOYS OF EASTER

Rev. R. H. Hood Discourses on the Close of the Penitential Season.

The closing of the Lenten season by the advent of Easter formed the basis of a sermon preached by the Rev. R. H. Hood in the Mt. Washington United Presbyterian church yesterday morning. His topic was "From Lenten Sorrow to Easter Joy," and his text was taken from John xvi.:20, "But your sorrow shall be turned to joy." Mr. Hood in part said:

Christ spoke the words of the text to His disciples. The place was in the upper room. The time was on the night before the crucifixion. The cause of the disciples' sorrow was the approaching death of their Master; but the glorious event of His early resurrection would turn their deepest sorrow into everlasting joy. How literally these words were fulfilled on the third day after they were spoken. Mary "with great joy ran to bring the disciples word." "Then were the disciples glad when they saw the Lord." "The Lord is risen indeed and hath appeared unto Simon." These are some of the exclamations of joy heard on the Lord's triumphal day. And is it not ours as truly as theirs to have our Lenten sorrows turned into Easter joys?

These beautiful blooming plants and fragrant flowers which decorate this sacred desk are vivid illustrations of the possibility, probability and reality of the resurrection. Resurrection! There is music in the very word. However doleful may be some of the keys in the minor scale of life's trials, this word strikes the most joyful keys in the major scale of life's pleasures.

Many of us are led to serious thought today. Our family circles have been broken. Yes; but broken to be reunited again. Other links will yet be severed; but severed to be rejoined again. Many of our loved ones have been lost to us, yes, but lost to be found again. Broken circles, severed links, lost friends, all restored, all satisfied, all awake in the likeness of Him who is the resurrection and the life. Then all earth's sorrows forever turned into heaven's joys.

NO OTHER FACT CAN PRODUCE SUCH JOY

The Resurrection of Christ Foreshadows Our Deliverance from the Grave.

"The Resurrection of Christ, a Joyous Fact," was the topic of a sermon preached by the Rev. W. J. Russell in the East End Christian church, South Highland avenue and Alder street, yesterday morning. He said in part:

There is no fact in all the Bible that produces so much joy as the fact that Jesus Christ is risen from the grave, and has conquered death. He "brought life and immortality to light through the gospel." Immortality had been a vague and dreamy anticipation in all ages. Cicero styles it "a conjecture." Seneca said it was that which "our wise men do promise, but they do not prove." Socrates says, "I must now die, and you shall live; but which of us is in the better state, the living or the dead, God only knows."

Even in the Old Testament these great truths were not fully disclosed. They were brought to light, demonstrated, and made known by the gospel of Christ. In his gospel all ambiguity and doubt were removed, and the evidence is so clearly stated as to leave no doubt on the subject.

The resurrection of Christ foreshadows our deliverance from the grave. As He rose, so shall we. But are we content with this great and blessed fact? We say it is a joyful fact. But how few of earth's inhabitants have received that joy! If a large portion of the world is sad today, it is not at all from any lack of power in the resurrection, but solely because the church has failed to do its duty.

EASTER SERVICES ON SOUTH SIDE

Seasonable Music Rendered by Choir at St. Mark's Episcopal Church.

SERMON BY THE RECTOR

The Rev. Father H. S. Lancaster, M. A., Preached on the Theme, "The Memory or the Reality." Services Very Impressive.

The Easter morning high mass services in St. Mark's Protestant Episcopal church, Eighteenth and Sidney streets, South Side, yesterday were most impressive. A full vested choir rendered appropriate musical selections. They sang Weigand's processional, "Jesus Christ is Risen Today;" Sullivan's introit, "By Christ Redeemed;" Marbecke's mass in G; Sullivan's recessional, "Welcome Happy Morning," and for the offertory Simper's "He is Risen."

The rector of the church, the Rev. Father H. S. Lancaster, M. A., preached a sermon entitled "The Memory or the Reality." His text was taken from St. Mark xvi.:6: "He is not here, he has risen." During the course of his sermon Father Lancaster said, in part:

We all find difficulty in realizing high motive and true worth. Our ideals are low and paltry, and so set before us. Then again the coaching, that the best part of life and the highest type of living, must be sought far from conventional conception and ideal.

The women came to the tomb to perform sad offices for the body of a murdered friend, and no doubt, had very laboriously scraped together the wherewithal to do it. They are worrying over all the difficulties in the way, the stone that has to be rolled aside, the grief of seeing the body of that dear friend all torn and disfigured; they are thinking also of the blankness that life now seems to show them since the comforter and advisor can no longer share it with them.

It is going to be a better life, for it now has the example of His life and death, but it is going to be at the best a very sad one. They come to the tomb—the stone is rolled away—an angel sits upon it and the message rings out, to which men are so strangely dead: "He is not here. He is risen." Instead of requiring offices at your hands He is risen and enters into your life with divine, supernatural and living power. You lost a human friend, you find a divine Saviour and a king.

The church needs a message such as Easter brings; she gropes around amongst the dead bones of merely human thought and methods; she tries to enshrine her Christ as a legend of memory and example, and all the time He is alive and sends His gracious presence daily upon her altar in the sacrifice of the blessed Eucharist. He comes thus as He has promised, but men have forgotten the promise.

The church is tied and bound with expediencies of ways and means, she has no money to do this with; that idea is impossible; she does not see how this other matter can possibly be arranged, and all the time that she is trying to puzzle out the problem for herself, He is calling her to accept His life and presence before which all earthly difficulties will melt away like the mists of the gray dawn before the rays of the first Easter Sunday.

CZAR'S ADVISERS ARE AFRAID OF ANARCHISTS

ST. PETERSBURG, April 12.—Strikes have broken out as the Morhine shoe works and the Russo-American rubber works here, and bloody encounters have taken place between the strikers and the police. The czar's advisers are endeavoring to dissuade him from taking his intended journey to Italy for fear of anarchists.

DISCIPLES REBUKED FOR THEIR DOUBTS

Christ Showed Them He Was Not a Ghost by Eating Food.

At the Shady Avenue Baptist church last night the pastor, the Rev. Dr. W. A. Stanton, discussed Christ's appearance to His apostles in an upper room on Easter night. He showed how Christ rebuked their doubts and gave them on ocular demonstration of the fact that he was not a ghost, but a real body. Dr. Stanton said in part:

Christ's decisive test was that of eating and it seemed to satisfy them perfectly. Supposed ghosts have never been charged with mastication, swallowing and eating. That test swept away their foolish, superstitious fears and forced them to grasp the substantiality of his body. Does this seem to conflict with your preconceived ideas of the body that is given to departed spirits? We correctly call it a spiritual body. Do not err and think, therefore, that it must be ethereal, intangible, misty, non-corporeal. That is what a spirit is supposed to be, but that is one thing and a spiritual body is another.

A spirit-body is inconceivable, the two words are contradictory. A spiritual body is simply a body especially adapted to its indwelling spirit, under its absolute control, as our present bodies are not under the perfect control of our spirits. "There is a natural, psychical body, there is a spiritual body." The second one is no more an ethereal body because it is called a spiritual body, than your mind is a material intellect because it is called a carnal mind.

To follow that line of argument would prove the human mind to be a flesh and blood organism. The word "spiritual," applied to our second bodies, is merely descriptive of their characteristic powers and conformities. That is all. Study all that is said of Jesus' body after his resurrection, then turn to Paul's argument in I. Corinthians, xv., and you will learn that in heaven we will be no ghostly apparitions, flitting cloud-like here and there, but substantial persons with bodies obedient to our slightest wish and perfectly adapted to the spiritual life that the saints will delight to live.

EASTER CELEBRATION BY A SUNDAY SCHOOL

Children of St. Stephen's Protestant Episcopal Sunday school held their Easter celebration last evening with special music under the supervision of Robert Davis. Harold Davis, one of the church choristers, presided at the organ. An interesting feature of this service was the gathering in of mite boxes, representing the children's individual Easter offerings saved up during the 40 days of Lent, and which amounted to a snug sum for missionary purposes.

Turned the Tables on Him.

John Dietrich, a coal dealer of Formosa street, who had a man arrested Saturday night on a charge of robbing him of $50, in Fourth avenue, was fined $15 and costs for disorderly conduct yesterday. His story was not believed and he was fined for causing a disturbance in having the accused man arrested.

WHY EASTERTIDE IS CELEBRATED

Rev. John Weidley Tells of the Resurrection of Christ.

IT NEVER GROWS OLD

Is Authentic as the Evidence That Shows George Washington Led the American Army During the Revolution.

The story of the resurrection of Christ, in commemoration of which all Christian people celebrate Easter, was told by the Rev. John Weidley in a sermon at the Bethany Lutheran church, North Highland avenue and Kirkwood street, East End, yesterday morning. The church was specially decorated with Easter flowers and special seasonable music was rendered. In the course of his sermon, Mr. Weidley said, in part:

Once more have we gone through the season commemorating the burden of our Christ. The service is not bereft of its harmonies, though many centuries have gone by since the tragic events in Jerusalem and on Golgotha. It is as vivid as ever. As it shall yet be enacted from year to year and generation to generation, the story will never grow old. If nothing more is done than to simply read the account as preserved to us in the gospels, it will touch the heart and make the mind responsive to the will of Christ.

The accounts of the resurrection of Christ come to us with as much authenticity as any other historic statements that are accepted without equivocation. It is the same as the "revolution that establishes the fact that a dynasty of Pharoahs ruled Egypt; that Washington led the American armies during the revolution; that Lincoln was president of the United States from 1861 to 1865. That Jesus thus lived, died and was afterward alive, is established by such competent and adequate testimony as has satisfied countless millions of men for 19 centuries."

If it were not a fact beyond refutation could it have been so long the hope and joy of God's believing children? Because of the bright minds arrayed against it in the course of years, would it not long ago have yielded to the force of truth, if it were false, or only a dream of the first disciples?

The resurrection is in harmony with the mind of God, as evidenced in the forces of nature. It concurs with the teaching of Scripture. It is in harmony with the declaration of Jesus who came to set the captive free. It is in accord with the desire of the human soul. One of its most potent arguments is the reaching up and out of the heart for a hand that is unseen, for a Being that loves with an everlasting love.

There may be darkness in those who will not come to the light; anguish, fear and remorse to those who disbelieve. But to every child of God who accepts the Scriptures there comes surpassing sweetness in the fact that Jesus rose from the grave, and thus triumphed gloriously over the last and worst of foes.

Easter Day marks the culmination of the contest that began in the garden of Eden, when the first pair sinned. It was God nothing less than the blood of His Son. But it opened the way once again to the paradise lost, and whosoever believeth on the Lord Jesus Christ shall be saved.

WORKING FOR TEMPERANCE

Catholic Total Abstinence Union Spends a Busy Sunday—Election of Officers.

The Catholic Total Abstinence union was busy yesterday. In the afternoon the Father Lambing society met at Duquesne hall, No. 216 Penn avenue. It was the annual meeting, and officers for the ensuing year were elected as follows: President, John J. Maloney, vice president, Charles D. McShane; secretary, John M. Tighe; treasurer, Charles J. Smith; stewards, James O'Brien, Thomas Paley and J. D. Dougherty; marshal, Mark King; delegates to diocesan union, Chas. D. McShane, John M. Tighe and Charles J. Smith. After the business meeting addresses were made by James Clark, Joseph Bolger, M. J. Maloney and others. This is one of the oldest temperance societies in the city. President Maloney has been at the head of the organization for 15 years, and his re-election yesterday was by a unanimous vote.

A large and enthusiastic rally was held in the evening at St. Kiernan's church, Fifty-fourth street and Carnegie avenue, the church being crowded to the doors. Addresses were made by the Rev. John G. Beane, president of the Diocesan union, the Rev. Father McCann, curate of St. Kieran's parish; Stephen Madden, C. A. Yinger, Joseph A. Weldon and Charles H. McShane. Before the meeting closed a large number took the pledge.

At SS. Peter and Paul Lithuanian church, Fourth avenue, Homestead, a meeting was held under the auspices of the union last night to encourage the society organized in that congregation. The attendance was very large. The pastor, the Rev. M. Cinzowski, made the principal address. He pointed out the advantages that would come from a temperate life in America and urged the members of his flock, all of whom are of foreign birth, to join the society. He was followed by Alexander Pawlawski, P. R. Condron and Miss Neille Counehan. Their appeals for pledge takers were very successful, a large number coming forward. The pledge was administered with an elaborate ceremony, characteristic of this church. This society is expected to be the largest in the United States among the Lithuanians.

Trio Held for Investigation.

Ed Epplein and George Rhoades, both of Wharton street, charged with stealing $150 worth of brass from the Pittsburgh & Lake Erie railroad, and John Lawrence, a colored man, in whose stable at the foot of South Twenty-first street, they were found, are held for investigation.

BASIS OF IMMORTALITY NOT A SCIENTIFIC ONE

Rev. Thomas Clayton Says It is Spiritual and Not Material.

The Rev. Thomas Clayton, pastor of the First Congregational church, Allegheny, occupied the pulpit at both services yesterday. Mr. Clayton last week tendered the pastorate, but the congregation refused to accept it. He has agreed to remain pastor of the church, but will have no other work to do but to preach. His resignation was prompted by ill health. Mr. Clayton last night preached on "The True Basis of Immortality," and said, in part:

The real basis of immortality is not a scientific one, that is that matter and motion are indestructible and eternal, and therefore must need be. Even if this assertion were proven to be true, which it is not, it would only go to show that the atoms of our bodies are eternal. It would

Why You Should Eat Norka

Not alone because Norka is new, but because it is a different and a better preparation of your favorite food. Because it is Oats—the only cooked oats—with a delicious, nutty, "oaty" flavor and nutritive strength you never before have known.

The humble Oat, containing as it does, Nature's richest store of sustenance, has been the housewife's morning mainstay for a century, regardless of the fact that its natural flavor and full nutritive power could not be developed by the single and partial method of preparation at her command.

Norka is the Oat, and nothing but the Oat, thoroughly cooked and properly malted. That's all—that's enough.

Packed while hot and sealed in air-tight packages, giving thorough protection against insect and dust.

Your grocer has it.

THAT THROAT-TICKLING

It's first, the throat;
Then, the bronchial tubes;
Next, the lungs;
At last, Consumption.

There's nothing so bad for a cough as coughing!
There's nothing so good for a cough as—

Ayer's Cherry Pectoral

The best time to take it is when the cold first comes on, when the trouble is in the throat.

Throat tickling, throat colds, throat coughs are all easily controlled with Ayer's Cherry Pectoral.

Doctors first prescribed this nearly 60 years ago. They use it more today than ever. They know its ingredients. They understand how it heals congested membranes and overcomes inflammation. Ask your own doctor about using this medicine for colds, coughs, and all lung troubles.

J. C. AYER CO., Lowell, Mass.

"I had a terrible cough last spring, and it took just one bottle of Ayer's Cherry Pectoral to completely cure me. I have used this medicine in my family for many, many years."
MRS. J. S. DANFORTH, St. Joseph, Mich.

LARGE COLLECTIONS TAKEN UP IN CHURCHES OF THE TWO CITIES

Churches of Pittsburgh and Allegheny were yesterday showered with large contributions. As is usual at the Easter Sunday services, the collection boxes were heaped with money, mostly in bills of large denominations. Collections in some of the churches were taken for chuch extension and home mission purposes. In the United Presbyterian churches contributions were made to the thankoffering fund. Trinity Episcopal church, Sixth avenue, took a special collection for the kindergarten, Sunday school, sewing school, boys' club and brotherhood rescue mission. A large collection was asked for, and over $4,000 was received. Some of the churches that received the largest contributions are Christ Methodist Episcopal, Center and Liberty avenues; East Liberty, Penn and South Highland avenues; First Presbyterian, Wood street, Pittsburgh; Calvary Methodist Episcopal, Beech and Allegheny avenues, Allegheny; Bethany Lutheran, North Highland avenue and Kirkwood street, and the Wilkinsburg Presbyterian. It is estimated that these churches and Trinity church alone received at least $50,000 in the collection boxes yesterday.
